If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: <http://uba.uva.nl/en/contact>, or a letter to: Library of the University of Amsterdam, Secretariat, Singel 425, 1012 WP Amsterdam, The Netherlands. You will be contacted as soon as possible.

Contents

1	Introduction	1
1.1	The London Stock Exchange and the LSE data	2
1.1.1	Trading day	2
1.1.2	Member firms	4
1.1.3	The LSE dataset, preparation and cleaning . .	5
1.2	Summary of chapters	6
2	The power of patience: A behavioral regularity in limit order placement	9
2.1	Introduction	9
2.2	Description of the London Stock Exchange data	11
2.3	Properties of relative limit order prices	12
2.3.1	Unconditional distribution	12
2.3.2	Time series properties	15
2.4	Volatility clustering	17
2.5	Conclusion	19
3	The predictive power of zero intelligence in financial markets	21
3.1	Introduction	21
3.1.1	Continuous double auction	22
3.1.2	Review of the model	24
3.1.3	Predictions of the model	25
3.2	Testing the scaling laws	26
3.2.1	Data	26
3.2.2	Testing procedure	27
3.2.3	Spread	28
3.2.4	Price diffusion rate	28
3.3	Average market impact	29
3.4	Conclusions	34

3.5	Supplementary Material	37
3.5.1	Literature review	37
3.5.2	Dimensional analysis	40
3.5.3	The London Stock Exchange (LSE) data set	41
3.5.4	Opening auction, real order types, time	43
3.5.5	Measurement of model parameters	44
3.5.6	Estimating the errors for the regressions	48
3.5.7	Market impact	52
3.5.8	Extending the model	56
4	Correlation and clustering in the trading of the members of the LSE	59
4.1	Introduction	59
4.1.1	The LSE dataset	60
4.1.2	Measuring correlations between strategies	60
4.2	Significance and structure in the correlation matrices	64
4.2.1	Density of the correlation matrix eigenvalue distribution	64
4.2.2	Bootstrapping the largest eigenvalues	67
4.2.3	Clustering of trading behaviour	68
4.2.4	Time persistence of correlations	71
4.3	Conclusions	75
5	Market imbalances and stock ret.: heterogeneity of order sizes at the LSE	77
5.1	Introduction	77
5.2	Distribution of order sizes	80
5.3	Order size heterogen. and stock returns	82
5.4	Conclusions	94
6	Conclusions	97
