Table of Contents

Chapter 1 Introduction and outlook	1
1 Introduction	1
2 Outlook	8
Chapter 2 Sources of syncretism	12
1 Introduction	12
2 Morphology-internally motivated syncretisms	12
2.1 Some cross-linguistic tendencies in verbal inflection and syncretisms	15
2.2 Feature structure and learnability	24
2.3 The likelihood of feature structure driven deflection	31
3 Grammar internal sources of syncretism	32
3.1 Grammar external sources of syncretism	36
3.2 Defining politeness.....	38
3.3 Effects of politeness in the inflectional paradigm	39
3.4 Evidence for politeness induced syncretisms	41
4 Summary.....	46
Chapter 3 Socio-pragmatic factors in the rise and fall of address terms.....	49
1 Introduction	49
2 Developments in the Dutch address term system	50
2.1 Stage I.....	50
2.2 Stage II.....	51
2.3 Stage III	53
2.4 Stage IV	55
2.5 Stage V	63
2.6 Summary.....	66
3 Cross-linguistic comparison of changes in address terms.....	68
4 Socio-pragmatic variables in address term choice	71
4.1 Interpersonal relations: status and solidarity	71
4.2 Social characteristics of the speaker	80
5 Conclusion.....	84

Table of contents

Chapter 4 The loss of <i>du</i> as a form of economy	86
1 Introduction	86
2 The likelihood of deflection via pronouns	87
3 Effects of the loss of <i>T</i> on the inflectional paradigm	91
4 Loss of <i>T</i> out of all domains and functions	100
5 Independent empirical evidence for deflection via pronouns	102
6 Conclusion	107
Chapter 5 Diachronic variation and the economy hypothesis	109
1 Introduction	109
2 Data selection	109
3 Predictions	113
3.1 Subjects versus non-subjects	115
3.2 High frequency verbs	119
4 Results	119
4.1 Subjects versus non-subjects	121
4.2 High frequency verbs	134
5 The economy hypothesis and English	136
5.1 Subjects versus non-subjects	136
5.2 High frequency verbs	137
6 Summary	139

Table of contents

Chapter 6 Synchronic variation and the economy hypothesis	140
1 Introduction	140
2 Selection and encoding of dialect data	141
2.1 The Morphological Atlas of Dutch Dialects (MAND)	141
2.2 Data selection for this chapter	143
2.3 Encoding the data	145
3 The geographical distribution of T	149
3.1 Predictions on the geographical distribution of T	149
3.2 The geographical distribution of T	155
4 Neutralisation of number in the context of person	163
4.1 Homophony between second person singular and second person plural ..	164
.....	164
4.2 Homophony between first person singular and first person plural	169
4.3 Homophony between third person singular and third person plural	173
4.4 Summary	178
5 Conclusion	179
Chapter 7 Summary and discussion	181
1 Introduction	181
2 Cross-linguistic prevalence and learnability	182
3 Independent empirical evidence for morphology-external sources	185
4 The loss of second person singular as a case study	187
5 Conspiracy in deflection	189
Appendices	196
1 Appendix A Primary Sources	196
2 Appendix B Text Overview	197
3 Appendix C Search strings for subject and non-subject forms	200
4 Appendix D Frequency of T and V	205
5 Appendix E Finite verbs in combination with T and V	230

Table of contents

Bibliography	239
Samenvatting (Summary in Dutch)	252
Summary	254
Curriculum Vitae	256
