The role of the intestinal microbiota in pneumonia and sepsis

ACADEMISCH PROEFSCHRIFT

ter verkrijging van de graad van doctor

aan de Universiteit van Amsterdam

op gezag van de Rector Magnificus

prof. dr. ir. K.I.J. Maex

ten overstaan van een door het College voor Promoties ingestelde commissie,

in het openbaar te verdedigen in de Agnietenkapel

op vrijdag 19 mei 2017, te 10:00 uur

door

Jacqueline Marleen Lankelma

geboren te Amstelveen

Promotiecommissie

Promotor:	Prof. Dr. T. van der Poll	AMC-UvA
Copromotor:	Dr. W. J. Wiersinga	AMC-UvA
Overige leden:	Prof. dr. M. Nieuwdorp	AMC-UvA
	Prof. dr. M.D. de Jong	AMC-UvA
	Prof. dr. J.M. Prins	AMC-UvA
	Prof. dr. C.M.J.E. Vandenbroucke-Grauls	Vrije Universiteit Amsterdam
	Prof. dr. M.J.M. Bonten	Universiteit Utrecht
	Prof. dr. W.J. de Jonge	AMC-UvA

Faculteit der Geneeskunde

Table of contents

1. General introduction	7
2. The gut microbiota in internal medicine: implications for health and disease	13
3. Antibiotic-induced gut microbiota disruption decreases TNF- α release by mononuclear cells in healthy adults	27
4. Antibiotic induced gut microbiota disruption during human endotoxemia: a randomised controlled study	43
5. Critically ill patients demonstrate large interpersonal variation in intestinal microbiota dysregulation: a pilot study	65
6. Substantial resilience of the gut microbiota following administration of vancomycin, ciprofloxacin and metronidazole in healthy humans: a long-term follow-up study	89
7. The gut microbiota plays a protective role in the host defense against pneumococcal pneumonia	105
8. Effect of antibiotic-induced gut microbiota disruption on acute lung inflammation induced by lipopolysaccharide	131
9. The gut microbiota as a modulator of innate immunity during melioidosis	139
10. Toll-like receptor 5 (TLR5) plays a flagellin-independent protective role during experimental melioidosis	165
11. Rapid DNA vaccination against <i>B. pseudomallei</i> flagellin by tattoo or intranasal application	193
12. Summary	217
13. General discussion	223
14. Addendum	231
