You will be contacted as soon as possible.

## Table of contents

<b>Introduction</b> .....	5
1.1 Background .....	5
1.1.1 The network description.....	5
1.1.2 From local processes to global behavior.....	7
1.1.3 Information processing.....	11
1.2 Our Thesis .....	23
1.3 Outline of the Dissertation .....	23
<b>The diminishing role of highly connected units in the dynamical behavior of complex systems</b> .....	25
2.1 Introduction .....	25
2.2 Results .....	27
2.2.1 Information dissipation time of a unit.....	27
2.2.2 Diminishing IDT of hubs .....	35
2.2.3 Numerical experiments with networks of Ising spins.....	39
2.3 Empirical evidence .....	41
2.4 Discussion .....	45
<b>Information dissipation as an early-warning signal for the Lehman Brothers collapse in financial time series</b> .....	49
3.1 Introduction .....	49
3.1.1 How information dissipation can lead to critical transitions..	50
3.1.2 The data.....	53
3.2 Results and Discussion.....	54
3.2.1 Evidence of IDL as an early-warning signal .....	54
3.2.2 Comparison to critical slowing down and other indicators....	56
3.3 Perspectives .....	57
<b>Inferring epidemiological parameters from phylogenetic information for the HIV-1 epidemic among MSM</b> .....	60
4.1 Introduction .....	60
4.2 Materials and methods.....	63
4.2.1 Current knowledge about the epidemiological parameters....	63
4.2.2 Simulating the HIV epidemic among MSM .....	65
4.2.3 Phylogenetic data .....	68
4.2.4 Calculating the likelihood of reproducing the cluster-size distribution.....	71
4.3 Results .....	73

<b>Conclusion</b> .....	79
5.1 Our contribution .....	79
5.2 Addressing the Thesis.....	80
5.3 Perspectives .....	82
<b>Appendix to Chapter 2</b> .....	86
A1 Methodology of computer simulations.....	86
A2 Results of simulations for other $\gamma$ values .....	89
<b>Appendix to Chapter 3</b> .....	93
B1 How IDL differs from other leading indicators.....	93
B2 IDL in IRS data in the EUR market .....	94
B2.1 The EUR data .....	94
B2.2 Results in the EUR market.....	94
B2.3 Additional peaks in the EUR market .....	96
B3 Robustness of IDL as a leading indicator.....	98
B3.1 Choosing the bin size based on the data.....	103
B4 Comparison with previously introduced leading indicators.....	105
B4.1 Critical slowing down in IRS rates .....	105
B4.2 Spatial leading indicators .....	109
B4.3 The onset of a LIBOR-OIS spread as leading indicator .....	113
B4.4 Critical slowing down in IRS spread levels .....	116
B5 Verification of IDL using generated time series .....	119
B5.1 Generating the time series.....	119
B5.2 Results .....	120
<b>References</b> .....	123
<b>Samenvatting</b> .....	144
<b>Acknowledgements</b> .....	149
<b>List of publications</b> .....	150
Published work .....	150
In press .....	151
Submitted.....	151
