# Table of Contents

Chapter 1  **Introduction**  
1.1 Online discussion forums as object of research  
1.2 Research problem and research questions  
1.3 Method and organisation of the study  

Chapter 2  **Walton and Krabbe’s dialogue types as conversational contexts of argument**  
2.1 The study of context in contemporary theories of argumentation  
2.2 General types of dialogue, mixed dialogues and dialectical shifts  
2.3 Theoretical complications  
2.4 Practical problems in analysing Internet discussions  

Chapter 3  **Argumentation designs in the account of Jackson, Jacobs and Aakhus**  
3.1 Design enterprise in the study of argumentation  
3.2 Argumentation designs in computer-mediated argumentation  
3.3 Informal Internet discussions as argumentation designs  

Chapter 4  **Argumentative activity types in the pragma-dialectical theory of argumentation**  
4.1 Deepening the analysis of contextualised argumentation  
4.2 Using the ideal model of a critical discussion  
4.3 Strategic manoeuvring in various argumentative activity types  
4.4 Conclusion concerning the required analytic approach  

Chapter 5  **Internet discussion forums as a technology for informal political deliberation**  
5.1 Characterising Internet political discussion forums  
5.2 The design of Internet discussion forums in Google Groups  
5.3 Internet political discussions as deliberative activities aimed at opinion-formation
Chapter 6  Internet discussion forums as an argumentative activity type  
6.1 The role of argumentation in online political forum discussions  
6.2 The initial situation  
   6.2.1 Disagreement as a necessary condition for an argumentative discussion  
   6.2.2 Conditions for expressing disagreements in Internet discussions  
   6.2.3 Ways of expressing disagreements in Internet discussions  
6.3 Starting points  
   6.3.1 Procedural starting points  
   6.3.2 Material starting points  
6.4 Means of argumentation and criticism  
6.5 Possible outcome  

Chapter 7  Constraints on critical reactions in Internet political discussion forums  
7.1 Describing critical reactions in an ideal procedure and in actual discussions  
7.2 Critical reactions in the pragma-dialectical theory of argumentation  
7.3 Three aspects of reacting critically in Internet discussion forums  
   7.3.1 Adaptation to audience demand  
   7.3.2 Selection from the topical potential  
   7.3.3 Choice of presentational devices  

Chapter 8  Analysis of critical reactions in Internet political discussions  
8.1 Patterns of strategic manoeuvring in reacting critically  
8.2 Analysis of critical reactions concerning the acceptability of premises  
   8.2.1 First pattern: ‘provide quote or link’  
   8.2.2 Second pattern: the collective antagonist  
8.3 Analysis of critical reactions concerning the justificatory potential of argumentation  
   8.3.1 Third pattern: criticise as much as possible  
   8.3.2 Fourth pattern: topical irrelevance as weak justification  
8.4 The management of the burden of proof in critical reactions on the Internet
