Chapter 10

Curriculum Vitae

CURRICULUM VITAE

Bert was born on April 6, 1969 in Tilburg. He went to high school "Het Christelijk Lyceum" in Dordrecht from 1981-1987. He started college and medical school at the Erasmus University, School of Medicine, Rotterdam in September of 1987. He graduated with honors in 1994. When plans to start a research job at the Mayo Clinic were delayed, Bert worked as a resident not in training at the department of Neurosurgery of the Slotervaart hospital in Amsterdam. The original plan was resumed in 1996 when he moved to Rochester, Minnesota, USA. He worked at the Thoralf Sundt Jr. Neurosurgical research lab of the Mayo Clinic under supervision of F.B. Meyer M.D. and R.B. Anderson B.S. on neurovascular projects, first as a research trainee and later as a special project associate from 1996 to 1998. After returning to Holland he was accepted into the Neurosurgery residency program in Leiden, the Netherlands (chairman: R.T.W.M. Thomeer M.D. Ph.D.) on October 1, 1998. In his third year of residency he returned to the Mayo Clinic research lab in Rochester, Minnesota for a research fellowship (Sundt fellowship). After graduating the Neurosurgery program in Leiden, in 2004 Bert moved to Palo Alto, CA, USA to work as a clinical instructor and cerebrovascular fellow at the department of Neurosurgery of Stanford University under G.K. Steinberg M.D. Ph.D. After his return to the Netherlands he was an attending Neurosurgeon at the department of Neurosurgery at the Leiden University Medical Center (LUMC). He joined the department of Neurosurgery of the Academic Medical Center (AMC) in Amsterdam (chairman: W.P. Vandertop M.D. Ph.D.) in May of 2006 and has a special interest in cerebrovascular neurosurgery.
