List of Tables

2.1 Repeated Logit Model of Article Selection by Type of Information and Evidence Type	38
2.2 Repeated Logit Model of Article Selection by Type of Information and Evidence Type among Issue Publics (Attitude Importance)	39
2.3 Repeated Logit Model of Article Selection by Type of Information and Evidence Type among Issue Publics (Attitude Strength)	40
3.1 Predicted probabilities of selecting information type about health care by defensive and accuracy motivations (Study 1)	64
3.2 Predicted probabilities of selecting information type about climate change by defensive and accuracy motivations (Study 2)	67

List of Figures

1.1 Overview of the dissertation	13
2.1-2.2 The impact of balanced content, evidence type and attitude importance on selection of climate change articles	42
2.3-2.4 The impact of balanced content, evidence type and attitude strength on selection of climate change articles	42
3.1 Predicted probabilities of selecting information type by motivation and attitude strength (Study 2)	67
3.2 Predicted probabilities of selecting information type by motivation and attitude certainty (Study 2)	68
4.1 Experimental design	85
4.2 Interaction effects of message type and motivation on strength of climate change arguments	89
4.3 Interaction effects of message type and motivation on strength of refugee arguments	89
4.4 Interaction effects of message type and motivation on bolstering thoughts of climate change pro-attitudinal arguments	90
4.5 Interaction effects of message type and motivation on bolstering thoughts of refugee pro-attitudinal arguments	90
4.6 Interaction effects of message type and motivation on denigrating thoughts of climate change counter-attitudinal arguments	91
4.7 Interaction effects of message type and motivation on denigrating thoughts of refugee counter-attitudinal arguments	91
4.8 Interaction effects of message type and motivation on polarization about climate change	93
4.9 Interaction effects of message type and motivation on polarization about refugees	93
