Contents
Chapter 1. General introduction

1.1 Introduction

1.2 The crystalline (natural) lens

1.2.1 Anatomy and function

1.2.2 Abnormalities of the crystalline lens in children
   Cataracts
   Traumatic cataracts
   Lens dislocation (ectopia lentis)

1.3 Crystalline lens/ cataract surgery and intraocular lenses

1.3.1 Introduction

1.3.2 Historic overview of surgical techniques

1.3.3 Historic overview of the use of intraocular lenses

1.4 Crystalline lens surgery and intraocular lenses in children

1.4.1 Surgical technique in paediatric eyes
   Preferred practices

1.4.2 Complications after surgery
   PCO
   Glaucoma
   Inflammation
   Endothelial cell loss

1.4.3 Intraocular lenses in children
   History and current preferences
   IOL material in children

1.4.4 Special indications for intraocular lenses in children
   Secondary implantation of an intraocular lens in children
   Intraocular lenses in case of an absence of capsular support in children
   Multifocal and accommodating lenses in children

1.4.5 The outcome after cataract/lens surgery in children
   Refractive outcome
   Visual outcome and amblyopia

1.5 The Artisan aphakia IOL

1.5.1 History and development

1.5.2 The use of the Artisan lens in children
   The Artisan aphakia IOL
   The Artisan/Verisyse phakic IOL
   The Artisan Iris Reconstruction IOL

1.5.3 The corneal endothelium
   Introduction
   Imaging of the corneal endothelium
   Endothelial cell density
   Morphology of the corneal endothelium
   The Artisan aphakia IOL and the corneal endothelium
Chapter 2.  Aims and outline of this thesis

Chapter 3.  
Axial eye length growth and final refractive outcome after unilateral paediatric cataract surgery.  
*Br J Ophthalmol.* 2010 May;94(5):547-50

Chapter 4.  
Traumatic paediatric cataract: a decade of follow-up after Artisan aphakia intraocular lens implantation.  
*J AAPOS.* 2007 Dec;11(6):555-8

Chapter 5.  
Implantation of the Artisan Iris Reconstruction intraocular lens in five children with aphakia and partial aniridia caused by perforating ocular trauma.  
*J AAPOS.* 2008 Jun;12(3):268-72

Chapter 6.  
Long-term follow-up of the corneal endothelium after Artisan lens implantation for unilateral traumatic and unilateral congenital cataract in children: two case series.  
*Cornea.* 2006 Dec;25(10):1173-7

Chapter 7.  

Chapter 8.  
Long-term follow-up after bilateral Artisan aphakia intraocular lens implantation in two paediatric Marfan patients.  
*J AAPOS.* (in press)

Chapter 9.  
General discussion

Chapter 10.  
Summary/ Nederlandse samenvatting

Addendum
