ACKNOWLEDGEMENTS

Associate Professor Dr. David Ring
It is difficult to express how much I cherish your guidance, both in research and on a more personal level. Thank you for supporting me during this entire process. Thank you for being my mentor.

Professor Dr. Jesse B. Jupiter, Professor Dr. C. Niek van Dijk and Dr. Peter Kloen
I am grateful for having such highly esteemed supervisors. You have taught me so much, both about life and about science. Thank you for the opportunity to work with such brilliant minds.

Hand Service Partners in Crime
Thanks to Job I found my way into the UvA-HMS exchange program. Luuk: thank you so much for showing me the ropes of the hand service and for being an awesome travel buddy, roomy and friend. I am grateful for having colleagues like Sebas, Santiago, Thierry and Geert to share those happy and difficult moments that come with the trade.
This body of work wouldn’t have been possible without the help and support of a vast group of research students that has rotated through the Hand Service.
Thanks Annelies, Alexandra, Pieter Bas, Fiesky, Maarten N and K, Jim, Mathieu, Hans, Gijs, Heeren, Alexander, Kristin, Kaj, Diederik, Paul, Ling, Margaritha, Jean Paul, Jeff, Huub and Eric. And thank you Jamie, Katie (where is that pig?), Mo, Shawn, Phil, Meghan and Sigi for creating order in the chaos.
Ana Maria, Dr Mudgal, Christine, Melissa: Thank you for your love, support and advice and for being there during those research-evading-moments.

Bostonian Support System
I did not find it easy to leave my friends behind in Holland, but because of you, Boston has become difficult to leave as well. Thank you for being the best hosts, guests, gym-buddies, movie watching and wine loving group around. And most of all: thank you for being amazing friends.
Appletonians: Luca, Daan, Delphine, Grace, Mario, Wade, Bobby, Ryan, Jerry, BJ, Anneke, Betty, Cassandra, Andrea, Ann and Lauren. I loved living with you! Thanks for dealing with my awesome mess making skills.

Dutch Support and Refuge Organization
I don’t think this thesis would have been brought to fruition if it wasn’t for the support of club Fatale, my house Breestraat 87 and all others from Leiden to Amsterdam and The Hague. I am very grateful that you managed to stick with me for almost 4 years and even visit me in Boston or New York. Thank you for letting me crash on your couch or bed and making my trips to Holland so much fun!
Paranimps

*Eva* and *Wendele*: I am very fortunate to have two beautiful blondies by my side as friends and as paranimps. Thank you for sharing this day with me.

Family

*Papa, mama* and *Cees*: thank you for giving me the opportunity to pursue this thesis. Thank you for your unconditional love.
