Disclaimer/Complaints regulations

If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: <http://uba.uva.nl/en/contact>, or a letter to: Library of the University of Amsterdam, Secretariat, Singel 425, 1012 WP Amsterdam, The Netherlands. You will be contacted as soon as possible.

Inhoudsopgave

Chapter 1	General introduction	7
Chapter 2	Monitoring pulmonary function during exercise	21
Chapter 3	Effects of a single dose inhaled corticosteroid on the dynamics of airway obstruction after exercise	33
Chapter 4	Inspiratory airflow limitation after exercise challenge in cold air	47
Chapter 5	Detecting exercise induced bronchoconstriction in temperate and cold air with the forced oscillation technique	61
Chapter 6	Association of the asthma control questionnaire with exercise induced bronchoconstriction	69
Chapter 7	Prediction of the occurrence of exercise induced bronchoconstriction in asthmatic children	81
Chapter 8	General conclusion	93
Chapter 9	Nederlandse Samenvatting	103
	Dankwoord	111
	Publicaties	117
	Curriculum Vitae	121
