Contents

List of Tables and Figures	8
Acknowledgements	11
1. Introduction	13
2. A new explanatory model for policy analysis and evaluation	19
2.1 Introduction	19
2.2 The basic framework	21
2.3 The extended policy framework	27
2.3.1 The conceptual framework	28
2.3.2 The conceptual framework in international policies and programmes	28
2.3.3 The institutional framework	30
2.3.4 The institutional framework in international policies and programmes	32
2.4 Using the extended framework of policy analysis and evaluation	34
2.4.1 Using the extended framework for policy making	34
2.4.2 An example of the use of the extended framework for policy making	34
2.4.3 Using the extended framework for the evaluation of an international policy or programme	41
2.5 Conclusion	51
3. Identifying potential problems in international aid programmes: the example of well-rehabilitation programmes in Mongolia	53
3.1 Introduction	53
3.2 Analysing well-rehabilitation programmes	54
3.2.1 Goal(s)	54
3.2.2 Operationalization of the goals	55
3.2.3 Method/instruments	56
3.2.4 Activities	59
3.2.5 Performance indicators	61
3.2.6 Evaluation	62
3.3 Analysing well-rehabilitation programmes: the conceptual and institutional framework	66
3.3.1 Analysing the institutional framework for well-rehabilitation	67
3.3.2 Analyzing the conceptual framework for well-rehabilitation	71
3.4 Conclusions	75
4. Total Factor Productivity and the Mongolian Transition	78
4.1 Introduction	78
4.2 Definitions and properties of TFP	79
4.3 Analysis of TFP for Mongolia	87
4.3.1 The Cobb-Douglas function	87
4.3.2 Development of TFP	88
4.3.3 Data quality	92
4.3.4 Sensitivity analysis	96
4.4 TFP in a simulated economy	104

Table of contents

4.4.1	Sensitivity analysis	108
4.5	Conclusions	109
	Appendix A4: Proof of Theorem 1	111
5.	<i>Expectations of transition and its outcome in Mongolia</i>	113
5.1	Introduction	113
5.2	Method	114
5.2.1	Procedure	114
5.3	Materials	115
5.3.1	Respondents	116
5.4	Analyses	120
5.4.1	Coding of expectations and outcomes	120
5.4.2	Analyses of differences	121
5.5	Results	122
5.5.1	Expectations of the transition in Mongolia in 1990 with regard to personal life	122
5.5.2	Expectations of the transition in Mongolia in 1990 with regard to society	123
5.5.3	The outcomes and influence of the transition in Mongolia after 15 years (in 2005)	126
5.5.4	Evaluation of the transition: The influence of the transition upon personal life	127
5.5.5	Effects of respondents' background upon expectations, outcomes and evaluations	128
5.6	Conclusions	133
5.6.1	Only positive expectations of transition	133
5.6.2	Most important outcomes of transition	134
5.6.3	Infrequently mentioned outcomes	137
5.7	Discussion	137
5.7.1	Perceived outcomes consistent with empirical data	137
5.7.2	Discussion	141
5.7.3	An innovative research study	142
5.7.4	Further research	143
6.	<i>Conclusion</i>	148
6.1	New models and methods	148
6.1.1	A new explanatory model for policy analysis and evaluation	148
6.1.2	Total Factor Productivity (TFP) revisited	149
6.1.3	A method to analyse qualitative data quantitatively	150
6.2	International programmes in Mongolia analysed	150
6.2.1	International programmes and the importance of the conceptual framework	151
6.2.2	International programmes and the importance of the institutional framework	152
6.3	Mongolia's process of transition	153
6.4	The use of the new model of policy analysis and evaluation	157
6.4.1	Further research	158
	References	159
