Stellingen behorend bij het proefschrift ‘Helium-induced cardioprotection: in sickness and in health, for better or for worse’
1. Zelfs een inert gas zoals helium heeft biologische effecten <dit proefschrift>

2. Het kortdurend inhaleren van 70% helium beschermt het rattenhart tegen ischemie/reperfusieschade <dit proefschrift>

3. De zieke rat is moeilijker te beschermen tegen ischemie/reperfusie schade dan de gezonde rat <dit proefschrift>

4. Een plausibele verklaring voor de beschermende werking van helium gas is het beinvloeden van allerlei huishoudelijke cel processen, zoals cel dood en overleving, energieproductie en afvalverwerking <dit proefschrift>

5. Hospitals are the first field of observation which a physician enters; but the true sanctuary of medical science is a laboratory; only there he can seek explanations of life in the normal and pathological states by means of experimental analysis <vrij naar Claude Bernard in 'An introduction to the study of Experimental Medicine', 1865>

6. A neat and orderly laboratory is unlikely. It is, after all, so much a place of false starts and multiple attempts <onbekend>

7. Vrouwen die succesvol willen zijn, moeten het offer brengen om niet aardig gevonden te worden; ze is ‘te agressief’, ‘geen teamspeler’, ‘een beetje politiek’, ‘niet te vertrouwen’ of ‘lastig’ <vrij naar Sheryl Sandberg, COO Facebook, in ‘Lean in, vrouwen, werk en de weg naar succes’>

8. Experience is what you get when you didn’t get what you wanted <Randy Pausch, Last Lecture, Carnegie Mellon University>

9. Your work is going to be a large part of your life, and the only way to be truly satisfied, is to do what you believe is great work, and the only way to do great work, is to love what you do. <Steve Jobs, Stanford Commencement Speech 2005>

10. Dream as if you'll live forever. Live as if you'll die today <James Dean>
