### Contents

1 General Introduction ................................. 1
   1.1 Online CBT ........................................ 1
   1.2 Interapy .......................................... 3
   1.3 This dissertation ................................ 6

2 RCT 1: Online CBT of Work-Related Stress ............ 11
   2.1 Treatment .......................................... 14
   2.2 Method ............................................ 17
   2.3 Results ............................................ 22
   2.4 Discussion ......................................... 28

3 RCT 2: Online CBT of Mild to Moderate Depression ... 35
   3.1 Treatment .......................................... 37
   3.2 Method ............................................ 40
   3.3 Results ............................................ 47
   3.4 Discussion ......................................... 55

4 RCT 3: Online CBT of Panic Symptoms ................... 61
   4.1 Treatment .......................................... 63
   4.2 Method ............................................ 65
   4.3 Results ............................................ 73
   4.4 Discussion ......................................... 79

5 RCT 4: Online CBT of Bulimic Symptoms ................ 85
   5.1 Treatment .......................................... 87
   5.2 Method ............................................ 89
   5.3 Results ............................................ 93
   5.4 Discussion ......................................... 99
6 Online CBT in Routine Clinical Practice 105
6.1 Method .............................................................. 107
6.2 Results ............................................................. 111
6.3 Discussion .......................................................... 118

7 General Discussion 125
7.1 Key Findings ....................................................... 126
7.2 Strengths and limitations ....................................... 131
7.3 Implications for clinical practice .............................. 134
7.4 Suggestions for future research ............................... 136
7.5 Conclusion .......................................................... 139

Summary 141

Samenvatting (Dutch Summary) 149
