Surgery after neoadjuvant treatment for non-small cell lung cancer: Decision making and patient outcome

Kappers, I.

Citation for published version (APA):
AMC Graduate School for Medical Sciences

PhD Portfolio

Name PhD student: I. Kappers

PhD period: July 2006 - December 2009

Name PhD supervisor: Prof. dr. P. Baas

1. PhD training

Seminars, workshops and master classes

• NOW Talent Classes                                                             | 2008 | 0,3             |

Presentations

• Multimodality treatment of NSCLC of the superior sulcus in practice: patient selection, treatment choices and results.  
  11th World Conference on Lung Cancer, IASLC, Barcelona                      | 2005 | 0,5             |
• Stage IIIA NSCLC: treatment choices following neoadjuvant chemotherapy.     | 2005 | 0,5             |
  11th World Conference on Lung Cancer, IASLC, Barcelona                      |
• Is there still a place for surgery in the treatment of locally advanced non-small cell lung cancer (IIIA, N2)?  
  12th World Conference on Lung Cancer, IASLC, Seoul                          | 2007 | 1               |
  The European Cancer Conference (ECCO) 14, Barcelona                         |
• Response to erlotinib in the neoadjuvant setting for early stage non-small cell lung cancer (NSCLC): a case report.  
 12th World Conference on Lung Cancer, IASLC, Seoul  
2007 0,5

• The role of surgical resection for Pancoast tumors after neoadjuvant chemoradiation.  
12th World Conference on Lung Cancer, IASLC, Seoul.  
The European Cancer Conference (ECCO) 14, Barcelona  
2007 1

• De rol van chirurgische resectie na inductie chemoradiatie voor Pancoast tumoren.  
Chirurgendagen NVvH, Veldhoven  
2007 0,5

• Heeft chirurgie nog een plaats in de behandeling van locally advanced niet-kleincellig longcarcinoom (IIIA, N2)?  
Chirurgendagen NVvH, Veldhoven  
2007 0,5

• High rate of pathologic complete response after neoadjuvant high-dose radiotherapy and low-dose cisplatinum in non-small cell lung cancer of the superior sulcus.  
61st Annual Cancer Symposium, Society of Surgical Oncology (SSO), Chicago  
2008 0,5

• A multi-institutional phase II trial of neoadjuvant erlotinib in resectable non-small cell lung cancer.  
61st Annual Cancer Symposium, SSO, Chicago  
2008 0,5

• Do variations in 18F-FDG tumour uptake on PET/CT correlate with histopathological response after preoperative treatment with erlotinib in patients with non-small cell lung cancer?  
European Society of Surgical Oncology (ESSO) Congress 2008, Den Haag  
2008 0,5

• Soluble epidermal growth factor receptor (sEGFR) concentration in serum is an indicator for survival in patients with non-small cell lung cancer. Poster discussion.  
1st European Lung Cancer Conference, ESMO/IASLC, Genève  
2008 0,5
(Inter)national conferences

- The European Cancer Conference (ECCO) 14, Barcelona 2007 1
- 12th World Conference on Lung Cancer, IASLC, Seoul 2007 1
- 9th National Lung Cancer Symposium 2007 0,3
- 1st European Lung Cancer Conference, ESMO/IASLC, Genève 2008 1
- European Society of Surgical Oncology (ESSO) Congress 2008 0,7
- 61st Annual Cancer Symposium, Society of Surgical Oncology (SSO), Chicago 2008 1

Other

- Study coordinator / trial manager of multicenter trial M06-NEL: Neoadjuvant Erlotinib in Lung cancer 2006-2009 6
