Chapter III: Local healers’ search for a disease theory of and healing methods for HIV and AIDS

AIDS: A new disease? 53

Khang: The origin of AIDS 55
   Mo Pinkaew from Mae Taeng 55
   HIV, AIDS, and khang 58
   Khang/sang in medical texts 59
   Khang, kimichat, incorrect diet, and HIV 60
   Khang muttakhuet phrai kin lueat 62
   HIV positive might not be HIV or AIDS 62
   The unrecognized disease theory of AIDS 62

Principles of treatment 63
   Symptomatic treatment 63
   Normalizing inner elements (prap that) 64
   Killing germs (kha chuea) 65
   Excreting toxin, excreting germs (khap phit, khap chuea) 66
   Dietary control (kam kin) 66
   Living conditions (kam yu) 68
   Detach oneself from something that causes suffering (kan plong) 68
   Reducing the side effects of antiretroviral medication 69

Summary 69
Indications of a good outcome 71
Conclusion 73

Chapter IV: Meaning transformations as a key aspect of healing 75

Transformation of a healer: Mo Boon from Ban Denchai 77
   Boon’s life as an ordinary villager 78
   The AIDS crisis and the transformation of a healer 78
   Analyzing the transformative process 82
   Transforming an abandoned temple into an HIV healing center 83
   Transforming a space into a place of healing: An analysis 85

The transformation of AIDS from a fatal into a treatable disease 85

Transcending emotional distress 87
   The use of proverbs, metaphors, and pictures 88
   Religious practices 90
   Ritual transformation: An analysis 93
   Religious practices and support for others 93

The effectiveness of healing as a result of the intersection of various meaning making processes 95

Conclusion 96
Chapter V: Meaning attributions to medicines and their effects

Sathit: A case study
Sacralization of medicines
Naming of medicines
Bodily sensations as effects of medicines
A reflection on the symbolic power of medicines
Conclusion

Chapter VI: The significance of the local moral world for the healing process

The main spiritual entities in Ban Denchai

Phi

Khru

Khruba Siwichai (1878-1938): The most respected monk in Northern Thailand

Phra that and Pho: Symbols of the Buddha

Hierarchical order of entities and human beings

Merit (bun)

Remaking a moral life amidst social change

Maneuvering in a situation of moral breakdown

Mo Boon and the minivan

Sensitivity to social recognition

Analysis of Mo boon’s coping with moral breakdown

Conclusion

Chapter VII: The role of morality in the practice of healing

Mo Somsak from Ban On Klang

Learning how to treat HIV/AIDS patients by trial and error

Compassionate care: Its development and limitations in the case of Mo Somsak

The core moral elements experienced as meaningful aspects of healing

Faith-related trust (khwam chuea thue sattha)

Power of virtue (khun)

Merit (bun)

Conclusion

Chapter VIII: The ambiguous role of secrecy in health and healing

Fear of stigmatization

Four case studies

Ampha, a housekeeper: Concealment of morally unacceptable behavior

Wipha, a teacher: Concealment for the sake of job security and social status protection
