If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: <https://uba.uva.nl/en/contact>, or a letter to: Library of the University of Amsterdam, Secretariat, P.O. Box 19185, 1000 GD Amsterdam, The Netherlands. You will be contacted as soon as possible.

TABLE OF CONTENTS

Chapter 1	Introduction and outline	11
PART ONE: ADVANCED IMAGING MODALITIES IN PERSPECTIVE		
Chapter 2	New surface imaging technologies for dysplasia and cancer detection	19
Chapter 3	Fluorescence imaging for the detection of early neoplasia in Barrett's esophagus; old looks or new vision?	35
Chapter 4	Third generation autofluorescence endoscopy for the detection of early neoplasia in Barrett's oesophagus; a pilot study	49
Chapter 5	Effects of autofluorescence imaging on detection and treatment of early neoplasia in patients with Barrett's esophagus	65
Chapter 6	The clinical consequences of advanced imaging techniques in Barrett's esophagus	79
PART TWO: AUTOFLUORESCENCE IMAGING AND BIOMARKERS		
Chapter 7	Endoscopic trimodal imaging and biomarkers for neoplasia conjoined; a feasibility study in Barrett's esophagus	99
Chapter 8	The combination of autofluorescence endoscopy and molecular biomarkers is a novel diagnostic tool for dysplasia in Barrett's oesophagus	115
PART THREE: BACK TO THE BASICS; PROBE BASED FLUORESCENCE SPECTROSCOPY		
Chapter 9	Fluorescence spectroscopy incorporated in an optical biopsy system for the detection of early neoplasia in Barrett's esophagus	139
Chapter 10	Optimized endoscopic autofluorescence spectroscopy for the identification of premalignant lesions in Barrett's oesophagus	153
Chapter 11	Optimal excitation wavelength for Protoporphyrin-IX fluorescence of esophageal adenocarcinoma cells and human Barrett tissue	169

PART FOUR: OPTICAL FREQUENCY DOMAIN INTERFEROMETRY

Chapter 12	Volumetric Laser Endomicroscopy in Barrett's Esophagus: A Study on Histological Correlation	185
Chapter 13	Detection of buried Barrett's glands after Radiofrequency Ablation with Volumetric Laser Endomicroscopy; a histology correlation pilot study	199
Chapter 14	Discussion: Old looks and new visions	215
Appendix	Summary	227
	Samenvatting	233
	List of publications	237
	Phd portfolio	238
	Overdenking en dankwoord	241
