You will be contacted as soon as possible.
# TABLE OF CONTENTS

1 - Introduction....................................................................................................... - 7 -  
2 - Hyperspectral imaging for non-contact analysis of forensic traces........... - 13 -  
3 - Reflectance spectroscopy and hyperspectral imaging for the identification of blood stains................................................................................. - 43 -  
4 - Hyperspectral imaging for the age estimation of blood stains at the crime scene............................................................................................... - 63 -  
5 - Practical implementation of blood stain age estimation ....................... - 79 -  
6 - Visualization of latent blood stains using visible reflectance hyperspectral imaging and chemometrics......................................................... - 97 -  
7 - Identification and age estimation of blood stains on coloured backgrounds by near infrared spectroscopy...................................................... - 111 -  
8 - Infrared imaging of the crime scene: possibilities and pitfalls.............. - 131 -  
9 - Discussion...................................................................................................... - 149 -  
10 - References.................................................................................................. - 169 -  
11 - Summary .................................................................................................... - 189 -  
12 - Samenvatting ............................................................................................. - 191 -  
13 - Curriculum vitae........................................................................................ - 195 -  
14 - Portfolio .................................................................................................... - 196 -  
15 - List of publications..................................................................................... - 198 -  
16 - Dankwoord............................................................................................... - 201 -
