You will be contacted as soon as possible.
# TABLE OF CONTENTS

1 - Introduction ....................................................................................................... - 7 -

2 - Hyperspectral imaging for non-contact analysis of forensic traces .......... - 13 -

3 - Reflectance spectroscopy and hyperspectral imaging for the identification of blood stains ................................................................. - 43 -

4 - Hyperspectral imaging for the age estimation of blood stains at the crime scene ..................................................................................... - 63 -

5 - Practical implementation of blood stain age estimation ......................... - 79 -

6 - Visualization of latent blood stains using visible reflectance hyperspectral imaging and chemometrics ............................................ - 97 -

7 - Identification and age estimation of blood stains on coloured backgrounds by near infrared spectroscopy ........................................... - 111 -

8 - Infrared imaging of the crime scene: possibilities and pitfalls ............... - 131 -

9 - Discussion ......................................................................................................... - 149 -

10 - References ...................................................................................................... - 169 -

11 - Summary ......................................................................................................... - 189 -

12 - Samenvatting .................................................................................................. - 191 -

13 - Curriculum vitae ............................................................................................ - 195 -

14 - Portfolio .......................................................................................................... - 196 -

15 - List of publications ........................................................................................ - 198 -

16 - Dankwoord ..................................................................................................... - 201 -
