If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: http://uba.uva.nl/en/contact, or a letter to: Library of the University of Amsterdam, Secretariat, Singel 425, 1012 WP Amsterdam, The Netherlands. You will be contacted as soon as possible.
Acknowledgments

The support I have received from my supervisors is gratefully acknowledged: thank you, Sonja Smets, Frank Veltman, and Rineke Verbrugge—for your time, for your patience, for your comments and suggestions. Thank you, especially, Sonja, for working with me over these past four years. Thank you, Johan van Benthem, Jeroen Groenendijk, Wesley Holliday, Larry Moss and Hans Rott for agreeing to serve on my thesis committee. It has been an honour for me to have my work evaluated by you. Thank you to Alexandru Baltag, who inspired me to work in epistemic logic when I was a Master’s student at the ILLC, and whose ideas have had the most influence on this dissertation by far. Thank you to the friends and colleagues inside and outside of the ILLC who have influenced this work through discussions and comments: Johan van Benthem, Cédric Dégremont, Jan van Eijck, Virginie Fiutek, Jonathan Ginzburg, Paula Henk, Andreas Herzig, Sujata Ghosh, Barteld Kooi, Nina Gierasimczuk, Davide Grossi, Eric Pacuit, Bryan Renne, Olivier Roy, Jakub Syzmanik, Zoé Christoff. And thank you to Jenny Batson, Karine Gigengack, Tanja Kassenaar, Peter van Ormondt, Yde Venema and Marco Vervoort, for making the ILLC such a nice place to work at.

Die Arbeit ist der Erinnerung an meinen Großvater Eugen gewidmet.

Köln, im Mai 2014
