You will be contacted as soon as possible.

Contents

1	General Introduction and Thesis Outline	1
2	Monetary Policy, Banking and Heterogeneous Agents	11
2.1	Introduction	11
2.2	The model	13
2.2.1	The IS curve	15
2.2.2	The Phillips curve	18
2.2.3	The banking sector curve	19
2.3	The influence of heterogeneity	21
2.4	Numerical analysis	23
2.4.1	Formation of expectations	23
2.4.2	Calibration and numerical results	24
2.5	Conclusions and discussion	27
Appendix 2.A	Baseline derivation	30
Appendix 2.B	The influence of heterogeneous agents	33
Appendix 2.B.1	The heterogeneous IS curve	33
Appendix 2.B.2	The heterogeneous Phillips curve	35
Appendix 2.B.3	The heterogeneous banking sector curve	36
Appendix 2.C	Model dynamics	37
3	Nonlinear Granger Causality - Guidelines for Multivariate Analysis	39

CONTENTS

3.1	Introduction	39
3.2	Asymptotic properties of the DP test	41
3.2.1	The dimensionality problem	44
3.3	Data sharpening as a bias reduction method	45
3.3.1	Bandwidth selection	48
3.3.2	Performance of the DS in Granger causality setting	49
3.4	Nonlinear Granger causality in the US grain market	51
3.5	Conclusions and discussion	56
Appendix 3.A	Asymptotics of the sharpened test (Corollary 3.3.1)	58
Appendix 3.B	Application of bias reduction	60
Appendix 3.C	Illustration of the empirical results	63
4	Exploring Nonlinearities in Financial Systemic Risk	69
4.1	Introduction	69
4.2	Methodology of NCoVaR	73
4.2.1	Optimal bandwidth	79
4.3	Numerical simulations	80
4.3.1	Performance of the NCoVaR test	82
4.4	Assessing financial systemic risk	86
4.5	Conclusions and discussion	90
Appendix 4.A	Asymptotic properties of test statistic (Theorem 4.2.1)	92
Appendix 4.A.1	Dependence	93
Appendix 4.B	Optimal bandwidth sequence (Corollary 4.2.1)	94
Appendix 4.C	Data description and results	95
5	Do Safe Havens Make Asset Markets Safer?	101
5.1	Introduction	101
5.2	Data	104

5.3	Defining safe havens	108
5.4	Mapping the network of sovereign bond yields and bank equity	111
5.5	Modeling shock propagation	116
5.6	Feedback loops in shock propagation	118
5.6.1	Sovereign bond yield shock	118
5.6.2	Bank equity price shock	122
5.7	The role of safe havens in shock propagation	124
5.7.1	Sovereign bond yield shock	125
5.7.2	Bank equity price shock	129
5.8	Conclusions and issues for further research	131
Appendix 5.A	Network graphs	132
Appendix 5.B	Shock propagation mechanism	137
6	Summary	139
	Bibliography	156
	Samenvatting (Summary in Dutch)	157
