LIST OF FIGURES ........................................................................................................................................ VI
LIST OF TABLES ........................................................................................................................................ VII

CHAPTER 1
CHANGING WEST-EUROPEAN TELEVISION SYSTEMS IN COMPARATIVE PERSPECTIVE:
A THEORETICAL AND METHODOLOGICAL DISCUSSION ........................................................................ 1
  1.1. INTRODUCTION .................................................................................................................................. 1
  1.2. HISTORY OF WEST-EUROPEAN BROADCASTING IN A SNAPSHOT ...................................................... 4
  1.3. THEORETICAL AND METHODOLOGICAL IMPLICATIONS OF THE LIBERALISATION PROCESS IN TELEVISION SYSTEMS ................................................................. 9
   1.3.1. Convergence in broadcasting: do national comparisons still make sense?.................................. 9
   1.3.2. The recursive nature of media structure: The intrinsic relations between supply and demand .......................................................................................................................... 13
   1.3.3. The relevance of advertising dependency as a characteristic of the television environment ....................................................................................................................... 18
   1.3.4. The relevance of audience fragmentation .................................................................................... 19
  1.4. STRUCTURE OF THE THESIS ........................................................................................................... 24

CHAPTER 2
CONVERGENCE OF WEST-EUROPEAN BROADCASTING SYSTEMS 1980-2008 ........................................ 27
  2.1. INTRODUCTION .................................................................................................................................. 28
  2.2. THEORETICAL BACKGROUND ........................................................................................................... 30
   2.2.1. The advertising dependency of the television system .................................................................. 32
   2.2.2. Competition and audience fragmentation .................................................................................... 33
  2.3. DATA AND MEASURES ....................................................................................................................... 35
   2.3.1. Measuring advertising dependency and competition .................................................................. 36
   2.3.2. Data ............................................................................................................................................... 38
  2.4. RESULTS ............................................................................................................................................ 41
   2.4.1. Convergence? ............................................................................................................................... 41
   2.4.2. How do the television systems differ in the 2000s? .................................................................. 48
  2.5. DISCUSSION ...................................................................................................................................... 50
### CHAPTER 3

SENSATIONALISM IN NEWS COVERAGE:

* * * COMPARATIVE STUDY IN 14 TELEVISION SYSTEMS AND 29 TELEVISION STATIONS * * *

<table>
<thead>
<tr>
<th>Section</th>

# CHAPTER 5

**HOW THE MEDIA CONTEXT MATTERS: TELEVISION SYSTEMS AND TRUST IN POLITICIANS**

5.1. Introduction .............................................................. 118

5.2. Characterising the television system .............................................................. 122
  5.2.1. Advertising dependency .............................................................................. 122
  5.2.2. Audience fragmentation across television channels ........................................... 123

5.3. Individual factors conditioning media effects .............................................................. 125

5.4. Control variables to be included in the model .............................................................. 127

5.5. Data and measures .................................................................................................. 129

5.6. Analyses and results ............................................................................................... 131
  5.6.1. Across-the-board effects of television systems ................................................... 133
  5.6.2. Interactions between media context variables and political interest ...................... 137
  5.6.3. Interactions between media context variables and time spent watching news ......... 140

5.7. Discussion ................................................................................................................. 143

# CHAPTER 6

**CONCLUSION** .................................................................................................................... 147
