1 Introduction 1
1.1 Overview ........................................ 2

2 Nonrenewable Resources, Strategic Behavior and the Hotelling Rule 5
2.1 Introduction ...................................... 5
2.2 Literature Review ................................ 12
2.3 Theoretical Framework ........................... 15
2.4 Hypotheses ...................................... 19
2.5 Experimental Design ............................... 23
2.6 Results ............................................ 27
   2.6.1 Prologue .................................... 30
   2.6.2 Producer Focus in the Main Part .......... 31
   2.6.3 Comparing the Prologue and the Main Part . 33
   2.6.4 Market Outcomes in the Main Part ....... 35
2.7 Discussion ........................................ 42
Appendix 2.A Re-Examining Predictions ................. 44
Appendix 2.B Experimental Instructions ................ 48
Appendix 2.C Screenshot ................................ 58

3 The Influence of Wages on Public Officials’ Corruptibility: a Laboratory Investigation 59
3.1 Introduction ...................................... 60
3.2 Background ....................................... 61
3.3 The Bribery Model ................................. 64
3.4 Experimental Design ............................... 66
3.5 Hypotheses .................................................. 69
3.6 Results ......................................................... 70
  3.6.1 Bribe Acceptance ...................................... 71
  3.6.2 G and B Choices ...................................... 74
3.7 Robustness: Bribery without Monitoring .................. 74
3.8 Discussion .................................................. 79
Appendix 3.A Instructions .................................. 81
Appendix 3.B Screenshot ..................................... 85

4 Willpower Depletion and Framing Effects .................. 87
  4.1 Introduction ............................................... 87
  4.2 Experimental Design ..................................... 90
    4.2.1 Depletion Task ...................................... 90
    4.2.2 Secondary Tasks ..................................... 91
    4.2.3 Procedure ............................................. 96
  4.3 Research Questions ...................................... 97
  4.4 Results .................................................. 100
    4.4.1 Stroop Task .......................................... 100
    4.4.2 Attraction Effect Task .............................. 102
    4.4.3 Compromise Effect Task ............................. 103
    4.4.4 Anchoring Effect Task ............................... 105
    4.4.5 Prisoner's Dilemma Task ............................ 106
    4.4.6 Cognitive Task ....................................... 108
    4.4.7 Depletion over Successive Tasks .................. 108
    4.4.8 Correlations between Tasks ....................... 109
  4.5 Discussion ................................................ 111
Appendix 4.A Lotteries of the Compromise and Attraction Effect Tasks 113
Appendix 4.B Experimental Instructions ..................... 115
  4.B.1 Initial Instructions ................................. 115
  4.B.2 Compromise/Attraction Effect Task .................. 116
  4.B.3 Anchoring Effect Task ................................ 117
  4.B.4 Prisoner’s Dilemma Task ............................. 117
  4.B.5 Cognitive Task ........................................ 118
Appendix 4.C Screenshot of the Stroop Task .................. 120
