#### **Disclaimer/Complaints regulations**

If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: <https://uba.uva.nl/en/contact>, or a letter to: Library of the University of Amsterdam, Secretariat, Singel 425, 1012 WP Amsterdam, The Netherlands. You will be contacted as soon as possible.

# LIST OF TABLES

1.1	Openness and foreign direct investment in new EU member states . . . . .	4
2.1	First year of official positive growth . . . . .	12
2.2	Overview of the original variables . . . . .	14
2.3	Global and local Moran's I test for spatial autocorrelation of the GDP growth (normal approximation) . . . . .	19
2.4	Spatial diagnostics of the growth regression . . . . .	20
2.5	OLS and spatial error model for growth determinants in recession . . . . .	20
2.6	Spatial lag models for growth determinants in recession . . . . .	21
2.7	OLS and spatial error model for growth determinants in recovery . . . . .	21
2.8	Panel data estimations for both periods . . . . .	22
3.1	Long-term relationships: Solow-type model . . . . .	37
3.2	Error-correction equations: Solow - type model, OLS . . . . .	38
3.3	Error correction equations: Solow - type model, GMM . . . . .	39
3.4	Short-run Borensztein-type model, OLS and GMM . . . . .	40
3.5	Long-term relationships: bilaterally-weighted model . . . . .	41
4.1	Cross-country comparison of the institutional, state capture indicators and inequality . . . . .	57
4.2	Overview of the model parameters . . . . .	68
4.3	Variable values in the benchmark case . . . . .	69
4.4	Comparative statics for varying initial institutions . . . . .	70
4.5	Comparative statics for varying initial capital . . . . .	72
4.6	Comparative statics with varying values of A . . . . .	72
4.7	Comparative statics with varying costs of political influence B . . . . .	74
4.8	Comparative statics with varying reform step . . . . .	75
4.9	Comparative statics with varying parameters lambda and S . . . . .	76
5.1	Extreme bounds analysis for the recession period . . . . .	87
5.2	Extreme bounds analysis for the recovery period . . . . .	87
