You will be contacted as soon as possible.

Curriculum vitae

Melanie Unbehend (née Marr) was born on January 23rd, 1985 in Rudolstadt, Germany. She attended primary school in Rottenbach, Germany, and high school in Königsee, Germany. In October 2003, Melanie started studying biology at the Friedrich Schiller University in Jena, Germany, and focused on the fields of ecology, botany and neurobiology. In January 2008, she started her diploma thesis in the entomology department at the Max Planck Institute for Chemical Ecology in Jena, Germany, under supervision of Astrid T. Groot and David G. Heckel. The title of her diploma thesis was “Differences in the pheromone composition between the two strains of the fall armyworm *Spodoptera frugiperda* (Lepidoptera: Noctuidae)”. Melanie obtained her biology diploma (equivalent to MSc) in February 2009 and started her PhD thesis in March 2009 at the Max Planck Institute for Chemical Ecology in Jena, under supervision of Astrid T. Groot and David G. Heckel, as well as Steph B. J. Menken from the University of Amsterdam.
