Acknowledgements

First of all, I wholeheartedly thank Allah SWT, The Most Gracious, The Most Merciful for giving me the opportunity and the strength to complete my PhD project.

The work and the writing of this dissertation would never have been accomplished without the support, patience and guidance of the following people, it is to them that I owe my deepest gratitude :

- Prof. Ubele van der Velden, my mentor, my supervisor, for his excellent guidance, caring, patience, and providing me with an excellent atmosphere for doing research. His wisdom, knowledge and commitment to the highest standards inspired and motivated me,
- Prof. Bruno G. Loos, my mentor, my co-supervisor, to whom I am profoundly indebted for his excellent advice, encouragement, and supports,
- The Board of Committee for their comments and valuable revision of the dissertation,
- Ingrid Veldkamp and Marja Laine for their valuable time and energy in helping me through my visits in ACTA,
- Dinie de Boer and all staff of the Department of Periodontology ACTA who are willing to share some 'space' in the building with me,
- The Dean of ACTA, Prof. Albert J. Feilzer and the Dental Faculty in Bandung, Prof. Eky S. Soeria Soemantri and Dr. drg. Nina Djustiana for giving me the opportunity to pursue my PhD project,
- Prof. Sunardhi Widyaputra, drg. MSc, PhD. for abundant encouragement and support in completing this PhD programme and writing international publication,
- The Head of Department of Periodontology Dental Faculty UNPAD, Prof. Soertini E.Lambri, drg. Dede Hadidjah and drg. Nunung Rusminah,
- My friends, my colleagues, the staff of Department of Periodontology Dental Faculty UNPAD for doing my task while I was away,
- Drg. Indra Mustika SpPerio and Silvy, who helped and assisted in Pangalengan,
- The director and management of PTP VIII tea estate and the Pasir Junghunh Hospital staff for their continuous supports and assistances, namely dr. Mugia Nugraha, MM, drg. Widyar Budi Purwanto, and paramedic staff who really help in sampling preparation and subjects collection; Bapak Tarmana, Bapak Ade Komarudin, Ibu Elis, Ibu Imas, Ibu Eti and Bapak Tarsa

Aknowledgements

- Prof. Dr. Ida Parwati, dr. SpPatKlin, PhD, for her valuable advice, times, supports and discussion in arranging laboratory assessment and sample handling. The lab is really well-managed and I am proud that UNPAD has one of them!
- My mother, Hj. Taty Sumiarsa, who always prays and believes that her youngest child could survive through good and bad times,
- My mother in law, Hj. Nurmalakania Suwardi, who has always supported and encouraged me and who so lovingly cared for Rengganis and Al Badar,
- My husband, Doddy Lazuardi, your love, supports and constant understanding and compromising, throughout the possible and impossible times, so I am able to work in finishing my PhD programme,
- Rengganis Naila Mecca, my sweet little girl and Al Badar Mecca, my 'big' baby, they were born before this dissertation is completed and who spent many days with relatives while I was away. I am deeply sorry for the times we spent apart.
- The whole family in Bandung who has been an important and indispensable source of my spiritual supports,
- Oom Bambang, Tante Ida, Oom Agrar Sudrajat and Tante Atik, you are my parents, my family for me in Amsterdam. My stay here is always fruitful since I have you all...!
- Lia Auliaherliaty and Dessy Rachmawaty, I am so thankful for our friendship, you are becoming Amsterdammers now, and everybody involved in this project who cannot be mentioned one by one.

Curriculum Vitae

Amaliya was born on February 9th, 1973 in Bandung, West Java, Indonesia. She studied Dentistry at Universitas Padjadjaran Bandung from 1991 to 1997 and became an education staff of Periodontic Department in Dental Faculty Universitas Padjadjaran in 1999.
