INVITATION

To attend the public defense of my thesis:

The Clinical Impact of Immunodeficiency and Viraemia in the Era of Combined Antiretroviral Therapy for HIV-1 Infection

On Tuesday, February 10, 2015
At 12:00
In the Agnietenkapel, Oudezijds Voorburgwal 231, Amsterdam

You are cordially invited to the reception that will be held after the ceremony.

ACADEMISCH PROEFSCHRIFT

ter verkrijning van de graad van doctor

aan de Universiteit van Amsterdam

op gezag van de Rector Magnificus

prof. dr. D.C. van den Boom

ten overstaan van een door het college voor de promoties ingestelde commissie, in het openbaar te verdedigen in de Agnietenkapel

op dinsdag 10 februari 2015, te 12:00 uur

door Shuangjie Zhang

geboren te Henan, China
Promotor: Prof. dr. P. Reiss
Copromotor: Prof. dr. F. de Wolf
Overige leden: Dr. M.F. Schim van der Loeff
Prof. dr. M.D. de Jong
Prof. dr. M. Prins
Dr. S.E. Geerlings
Prof. dr. M.W. Borgdorff
Prof. dr. A. Verbon

Faculteit der Geneeskunde
To Arno and my parents
Table of contents
Chapter 1 9
General introduction
Chapter 2 23
Immunologic, virologic, and clinical consequences of episodes of transient viremia during suppressive combination antiretroviral therapy.
Chapter 3 29
Clinical significance of transient HIV type 1 viraemia and treatment interruptions during suppressive antiretroviral treatment.
Chapter 4 39
Episodes of HIV viremia and the risk of non-AIDS diseases in patients on suppressive antiretroviral therapy.
Chapter 5 49
Long-term complications in patients with poor immunological recovery despite virological successful HAART in Dutch ATHENA cohort.
Chapter 6 61
Risk of non-AIDS-defining events amongst HIV-infected patients not yet on antiretroviral therapy.
