Chapter 2:
Conception and design: AH Wagener, CY Yick, PJ Sterk; Design of tables and figures: AH Wagener, CY Yick, P Brinkman, N Fens, PJ Sterk; Principal Investigator and final responsibility: PJ Sterk. AH Wagener, CY Yick, and PJ Sterk drafted and revised the paper. All authors revised the manuscript.

Chapter 3:
Conception and design: AH Wagener, WJ Fokkens, EH Bel, PJ Sterk, CM van Drunen; Subject recruitment: AH Wagener; Data collection: AH Wagener, S Luiten; Cell culture and RNA extraction: AH Wagener, S Luiten; Preparation of statistical analysis: AH Wagener, S Luiten, AH Zwinderman; Analysis and Interpretation: AH Wagener, AH Zwinderman, PJ Sterk, CM van Drunen; Principal Investigator and final responsibility: CM van Drunen. AH Wagener, PJ Sterk and CM van Drunen drafted and revised the paper. All authors revised the manuscript.

Chapter 4:
Conception and design: AH Wagener, WJ Fokkens, EH Bel, PJ Sterk, CM van Drunen; Subject recruitment: AH Wagener; Data collection: AH Wagener, S Luiten; Cell culture and RNA extraction: AH Wagener, S Luiten; Preparation of statistical analysis: AH Wagener, S Luiten, AH Zwinderman; Analysis and Interpretation: AH Wagener, AH Zwinderman, PJ Sterk, CM van Drunen; Principal Investigator and final responsibility: CM van Drunen. AH Wagener, PJ Sterk and CM van Drunen drafted and revised the paper. All authors revised the manuscript.
Chapter 5:
Conception and design: AH Wagener, SB de Nijs, AR Sousa, EJM Weersink, EH Bel, PJ Sterk; Subject recruitment: AH Wagener, SB de Nijs; Data collection: AH Wagener, SB de Nijs, R Lutter; Preparation of statistical analysis: AH Wagener, SB de Nijs; Analysis and Interpretation: AH Wagener, SB de Nijs, R Lutter, PJ Sterk; Principal Investigator and final responsibility: PJ Sterk. AH Wagener, SB de Nijs and PJ Sterk drafted and revised the paper. All authors revised the manuscript.

Chapter 6:
Conception and design: AH Wagener, P Brinkman, A D’Amico, G Pennazza, M Santonico, P Montuschi, R Djukanovic, SJ Fowler, PJ Sterk; Subject recruitment: U-BIOPRED Study Group; Data collection: AH Wagener, P Brinkman, R Lutter; Preparation of statistical analysis: AH Wagener, P Brinkman, AT Bansal, AH Zwinderman; Analysis and Interpretation: AH Wagener, P Brinkman, AT Bansal, AH Zwinderman; Principal Investigator and final responsibility: PJ Sterk. AH Wagener and PJ Sterk drafted and revised the paper. All authors revised the manuscript.
LIST OF PUBLICATIONS

DANKWOORD / ACKNOWLEDGEMENTS

Dit proefschrift is tot stand gekomen door de bijdragen van een groot aantal collega’s. Ik zou graag iedereen hier zeer hartelijk voor willen bedanken.

This thesis is the result of effort of many colleagues. I would very much like to thank you all for your help and support.

In het bijzonder zou ik graag mijn promotoren en co-promotor willen noemen: Professor Peter Sterk, Professor Koos Zwinderman en Dr. Kees van Drunen.
CURRICULUM VITAE

Ariane H. Wagener was born in Leiden on the 10th of July 1983. She received her certificate VWO at the Willem de Zwijger College in 2001. After a year of attending courses of politics, philosophy and psychology in Oxford, and attending a Spanish language course in Guatemala and Mexico, she started her medical training at the University of Groningen and received her medical degree in March 2009. She completed her final clinical internship at the Department of Respiratory Medicine of the Academic Medical Center in Amsterdam, which resulted in her first job as a PhD student, under supervision of Professor Peter Sterk, Professor Koos Zwijderman and Dr. Kees van Drunen. In November 2013 she went back into clinical practice as a pediatric resident in Tergooi in Blaricum. In April 2015 she started her pediatric residency training in the VUmc in Amsterdam.
Biomarker discovery for asthma phenotyping from gene expression to the clinic
