Voor mijn ouders
Chapter 1: Introduction

Chapter 2: Information needs and communication outcomes
Are GP patients' needs being met? Unfulfilled information needs among Dutch and Turkish-Dutch GP patients

Chapter 3: Health information-seeking, patient participation and communication outcomes
Does media use result in more active communicators? Differences between Dutch and Turkish-Dutch patients in information-seeking behavior and participation during GP consultations

Chapter 4: Cultural and communication barriers of patient participation
Differences in cultural values and communication styles: Perceived barriers in intercultural medical encounters

Chapter 5: The match between preferred and perceived patient participation and the role of the doctor-patient relationship
Concordance in primary care: a good strategy to improve communication with migrant patients?

Chapter 6: Summary and discussion
