The studies described in this thesis were funded by the Netherlands Organisation for Health Research and Development (ZonMw) under grant agreement number: 200120004. One study, described in chapter 5, received two additional sources of funding, which were from the SOPHIE and URBAN40 projects. The SOPHIE project received funding from European Community’s Seventh Framework Program (FP7) under grant agreement number 278173. The URBAN40 project received funding from ZonMw under the grant agreement numbers 121010009. The study described in chapter 6 used data from The Dutch Continuous Survey of Smoking Habits (DCSSH) study, which was supported by grants from the Dutch Ministry of Health, Welfare and Sports.
