ACADEMISCH PROEFSCHRIFT

ter verkrijging van de graad van doctor
aan de Universiteit van Amsterdam
op gezag van de Rector Magnificus
prof. dr. ir. K.I.J. Maex
ten overstaan van een door het College voor Promoties ingestelde commissie,
in het openbaar te verdedigen in de Aula der Universiteit
op vrijdag 21 december 2018, te 11.00 uur

door

Mitra Almasian
geboren te Teheran, Iran

PROMOTIECOMMISSIE

Promotores:	prof. dr. A.G.J.M. van Leeuwen	AMC-UvA
	prof. dr. M.C.G. Aalders	AMC-UvA
Copromotor:	dr. ir. D.J. Faber	AMC-UvA
Overige leden:	dr. G. van Soest	Erasmus MC
	prof. dr. J. Dankelman	TU Delft
	prof. dr. ir. M.J.C. van Gemert	AMC-UvA
	prof. dr. R.J. Oostra	AMC-UvA
	prof. dr. M. Walton	Northwestern University
	prof. dr. ir. A.G. Hoekstra	AMC-UvA

Faculteit der Geneeskunde

*"One of them became a bottle of wine
One of them became a sea of water
And one of them became a mountain
rising up into the sky
I drank the wine
I swam the sea
I climbed the mountain
There was singing and dancing
in the city beyond the mountain"*
The fairies by Ahmad Shamlou

TABLE OF CONTENTS

Chapter 1	Introduction	9
Chapter 2	OCT amplitude and speckle statistics of discrete random media	21
Chapter 3	Validation of quantitative attenuation and backscattering coefficient measurements by optical coherence tomography in the concentration-dependent and multiple scattering regime	43
Chapter 4	Parametric imaging of attenuation by optical coherence tomography: a review of models, methods and clinical applications	67
Chapter 5	Pilot feasibility study of <i>in vivo</i> intraoperative quantitative optical coherence tomography of human brain tissue during glioma resection	105
Chapter 6	Feasibility of optical coherence tomography for intraoperative detection of blood flow during gastric tube reconstruction	123
Chapter 7	Discussion and future perspectives	143
	Appendix	157
	Summary	171
	Samenvatting	175
	List of publication	179
	Portfolio	181
	About the author	185
	Dankwoord	187
