*The above mentioned list of members of the committee is not complete without the name of Prof. dr. C.P. Stoutenbeek who unfortunately died on the 24th of July, 1998. Through his vision and support he showed that he was the best supervisor a junior researcher could ever have wished for.*

Financial support by the “Stichting BAZIS”, Deloitte & Touche Health Care Rotterdam and the Department of Medical Informatics for the printing of this thesis is gratefully acknowledged.
