  Méliès integrates photography and theatre
  A different approach from non-theatrical developers: Hepworth
  Thomas Edison devolves interest in film production to others: Porter
  The problematic of accounts of early producers
  Conclusion

Section 2 Shaping Moving Picture Technology

CHAPTER 4:
The Problem of Technological History and Invention
  Overview
  The problem of technological determinism for film history
  The role of the imagined in engineering history
  Moving-picture machines and the popular heuristic
  Conclusion

Section 3 The Technological Imaginary

CHAPTER 5:
The Emergence of Science and Technological Display
  Overview
  Scientific display and the case of Joseph Wright of Derby
  Conclusion

CHAPTER 6:
The Institutions of Display
  Overview
  Britain: The Royal Institute
Permanent exhibitions
Scientific societies
America: The Columbian Exposition as a case study
The amusement parks
Conclusion

CHAPTER 7: 129
Popular Science and Journal Publication
  Overview
  The dissemination of science through publication
  National difference in styles: America
  National difference in styles: Britain
  National difference in styles: France
  Conclusion

CHAPTER 8: 138
Science, Technology and Entertainment:
  the Social Organisation of Their Representation
  Overview
  The social organisation of scientific knowledge
  Science as a career
  Conclusion

CONCLUSION 145
