4.4.1 Concentrated deconcentration
4.4.2 The compact city
4.5 Towards a new central concept: the network city or the urban network?
4.6 From ambition to reality: the results of urbanisation policy
4.6.1 The political context of physical planning policy
4.6.2 Plans and the planning process
4.7 Conclusions

Chapter 5

Research methodology
5.1 Introduction: approaches in the evaluation of planning policy
5.2 Evaluation of Dutch national population distribution policy
5.3 An international comparison of urbanisation trends and policies in Northwest-Europe
5.3.1 A typology of planning systems as a tool for comparative research
5.3.2 Selection of case studies
5.3.3 Methods of data collection
5.3.4 Obstacles towards a 'working' comparison
5.4 Evaluation of Dutch national spatial mobility policy

Chapter 6

The influence of national urbanisation policy on population distribution in the Netherlands
6.1 Introduction
6.2 Development of population distribution in the Netherlands
6.2.1 Long-term development
6.2.2 Main trends since 1970
6.3 Economic trends influencing Dutch population distribution
6.4 Demographic and socio-cultural trends
6.5 Dutch policies on planning, housing and regional development
6.5.1 The Dutch welfare state
6.5.2 Physical planning, housing policy and regional economic policy
6.6 Between planning visions and urbanisation reality: an evaluation of the results of national population distribution policy in the Netherlands
6.6.1 Main targets of national population distribution policy in Central-Netherlands
6.6.2 Dynamics of population distribution in Central-Netherlands, 1970-1995
6.6.3 Population distribution development as planned?
6.6.4 National population distribution policy: between wish and reality
6.7 Current and future developments in national population distribution policy: from compact city to urban network?
6.8 Conclusions

Chapter 7

Urbanisation trends and policies in Northwest-Europe: an international comparison
7.1 Introduction
7.2 Case study Switzerland
7.2.1 Introduction
7.2.2 The Swiss urbanisation process
7.2.3 Possible economic, demographic and socio-cultural explanations for recent Swiss population distribution dynamics
7.2.4 Government measures in physical planning and regional development
7.2.5 The future: Swiss metropolises or 'die Stadt Schweiz'?
7.2.6 Concluding remarks
7.3 Case study West-Sweden
7.3.1 Introduction
7.3.2 National trends in the population redistribution of Sweden
7.3.3 Population redistribution in West-Sweden since 1970
7.3.4 National economic, socio-cultural and demographic trends influencing Swedish population distribution
7.3.5 Regional economic, demographic and socio-cultural development of West-Sweden
7.3.6 Swedish policies on housing, planning and regional development
7.3.7 Housing, planning and regional development in West-Sweden
7.3.8 The future of the Swedish West Coast
7.3.9 Conclusions

7.4 Case study Northern England
7.4.1 Introduction
7.4.2 Population redistribution in England since World War II
7.4.3 Population redistribution in Northern England since 1971
7.4.4 Possible economic, socio-cultural and demographic explanations
7.4.5 British politics on housing, planning and regional development
7.4.6 Housing, planning and regional development in Northern England
7.4.7 The future of Northern England
7.4.8 Conclusions

7.5 The four case studies compared

Chapter 8 Recent trends in daily mobility in the Netherlands and their possible implications for spatial mobility policy
8.1 Introduction
8.2 Policy response to urbanisation and daily mobility trends in the Netherlands: from compact city to urban network?
8.3 Recent national trends in daily mobility in the Netherlands
8.3.1 National trends in trip time and trip distance
8.3.2 Differences between population categories
8.4 Inter-regional and intra-regional trends
8.5 Mobility trends within the daily urban system
8.5.1 The daily urban system of Amsterdam
8.5.2 The daily urban system of Utrecht
8.5.4 The daily urban system of Arnhem / Nijmegen
8.6 Conclusions

Chapter 9 Summary and conclusions: the past, present and future of Dutch national urbanisation policy
9.1 Introduction
9.2 Dutch national urbanisation policy and its effects on population distribution
9.3 Dutch national urbanisation policy and its effects on daily mobility
9.4 Dutch national urbanisation policy in a Northwest-European perspective
9.5 Effective national urbanisation policy: realistic challenge or impossible ideal?
9.6 Future perspectives for Dutch national urbanisation policy
