You will be contacted as soon as possible.

## Curriculum Vitae

Anne van Kempen was born on January 27<sup>th</sup> 1965 in Boxmeer, the Netherlands. She attended the secondary school Elzendaal College in Boxmeer and passed the VWO exam in 1983. In the same year she started her medical training at the University of Nijmegen and graduated as a medical doctor in 1990. The following two years she worked as a resident at the Department of Pediatrics at the Hieronymus Bosch Hospital in 's-Hertogenbosch and the Neonatal Intensive Care Unit at the Máxima Medisch Centrum in Veldhoven. She received her official pediatric training between 1992 and 1996 at the Hieronymus Bosch Hospital in 's-Hertogenbosch (Head: Dr F.A.E. Nabben) and the Emma Children's Hospital AMC in Amsterdam (Head: Prof. Dr H.S.A. Heijmans). In the last six months of her pediatric training she started her fellowship in Neonatology at the Neonatal Intensive Care Unit at the Emma Children's Hospital AMC in Amsterdam (Head: Prof. Dr J.H. Kok). She was registered as a Neonatologist in 1998. Thereafter she joined the medical staff of the Neonatal Intensive Care Unit at the Emma Children's Hospital AMC in Amsterdam. The studies that resulted in this thesis were carried out as a member of the Metabolism Research Team of Prof. Dr H.P. Sauerwein.
