Childhood trauma in treated alcoholics. Prevalence and relevance for clinical impairment
Langeland, W.

Citation for published version (APA):
Contents

Part I  Introduction

1  General Introduction  11

1.1  Background issues  11
  1.1.1  Alcohol use disorders: diagnostic criteria, prevalence and admissions to treatment  11
  1.1.2  Treatment-seeking adult alcoholics: comorbid psychiatric disorders  13
  1.1.3  Childhood trauma, alcohol use disorders, and other psychiatric disorders: relevant theoretical issues  15
  1.1.4  Prevalence of physical and sexual assault histories in treated adult alcoholics  18
  1.1.5  Childhood physical and sexual abuse and alcohol use disorders  20
  1.1.6  Associations between childhood physical and sexual abuse and psychiatric comorbidity in treatment-seeking alcoholics  22

1.2  Aims and outline of the thesis  23

Part II  Prevalence of physical and sexual assault in treated alcoholics

2  Sensitivity of the Addiction Severity Index physical and sexual assault items: preliminary findings on gender differences  29

2.1  Introduction  29
2.2  Material and methods  31
2.3  Results  32
  2.3.1  Subjects  32
  2.3.2  Prevalence rates, sensitivity and specificity  33
2.4  Discussion  34

3  Assessment of lifetime physical and sexual abuse in treated alcoholics. Validity of the Addiction Severity Index  37

3.1  Introduction  37
3.2  Method  39
  3.2.1  Design and subjects  39
  3.2.2  Instruments  40
  3.2.3  Procedure  41
  3.2.4  Analyses  41
3.3  Results  42
3.4  Discussion  44
3.5  Conclusions  47

Part III  Childhood trauma and alcohol use disorders

4  Childhood sexual and physical abuse and alcoholism: A review  51
4.1 Introduction 51
4.2 Methods 53
  4.2.1 Key issues considered in evaluating the studies in this review 54
4.3 Review of studies 56
  4.3.1 Prospective studies 56
  4.3.2 Studies of child sexual and/or physical abuse in alcoholics in treatment 58
  4.3.3 Studies of child physical abuse in alcoholics in the general population 64
  4.3.4 Alcoholism in abused and nonabused adult mental health clients 65
  4.3.5 Alcoholism in abused and nonabused adults in the general population 67
4.4 Discussion 71

5 Trauma, trauma-related distress, and perceived parental dysfunction: Associations with severity of drinking problems in treated alcoholics 77
5.1 Introduction 77
5.2 Methods 78
  5.2.1 Subjects 78
  5.2.2 Instruments 79
  5.2.3 Data analysis 80
5.3 Results 80
5.4 Discussion 81

Part IV Childhood trauma and psychiatric comorbidity in treatment-seeking alcoholics

6 Psychiatric comorbidity in treatment-seeking alcoholics: The role of childhood trauma and perceived parental dysfunction 87
6.1 Introduction 87
6.2 Method 89
  6.2.1 Design and subjects 89
  6.2.2 Instruments 90
  6.2.3 Procedure 91
  6.2.4 Statistical analyses 91
6.3 Results 91
  6.3.1 Multivariate analyses 96
6.4 Discussion 96
6.5 Conclusions 100

7 Trauma and dissociation in treatment-seeking alcoholics: Towards a resolution of inconsistent findings 101
7.1 Introduction 101
7.2 Method 105
  7.2.1 Subjects 105
  7.2.2 Instruments 106
  7.2.3 Procedure 107
  7.2.4 Data analysis 107
### Part V Discussion

#### 8 General discussion

8.1 Introduction

8.2 Prevalence of physical and sexual assault histories in treated adult alcoholics

8.2.1 The Addiction Severity Index

8.2.2 The Structured Trauma Interview

8.3 Childhood trauma and alcohol use disorders

8.3.1 The relevance of childhood abuse for the development of alcohol use disorders

8.3.2 The relevance of childhood trauma, neglect, and trauma-related distress for the severity of drinking problems

8.4 Childhood trauma and psychiatric comorbidity

8.4.1 The relevance of childhood trauma for comorbid affective disorders, anxiety disorders, and suicide attempts in treated alcoholics

8.4.2 Childhood trauma and dissociation in treated alcoholics

8.5 Methodological issues: internal and external validity of results

8.6 Further research

8.7 Clinical implications
