## Appendix 1

Overview of military fighter losses during the en-route phase of flight for the five air forces in this study. Data taken from (Richardson, W. J. 1996, Richardson, W. J. and West, T. 2000) for the years before 2000, additional data through this study.

Country indicates their air force, flight phase (CrL = Cruise at low-level (up to 1000 ft AGL), CrH = Cruise at high altitude (above 1000 ft AGL), Cl = Climb, Unk = Unknown), bird weight (average for male and female, gram).
