List of Tables

Table 1.1  Average population size and average number of households of a sample of villages in five sub-prefectures of the Couffo region 14
Table 2.1  Actor-oriented strategy, structure and core capabilities for the distribution of agriculture and health services (Public, Private and Local organisation) 45
Table 3.1  Distribution (%) of cultivated land (area) following different modes of transfer and access in two agro-ecological zones of the Mono region 60
Table 3.2  Ratios of intercropping for five major crops in different agro-ecological zones of the Mono region, 2nd growing period of the agricultural season 1995-96 63
Table 3.3  Comparative evolution of cotton production (in tons of cotton) in Benin, 1985-97 66
Table 3.4  Intra-regional production of cotton between 1992 and 1997 66
Table 3.5  Total number of farmers’ organisations (GVs) and their status in the Mono-Couffo region, 1995/1996 72
Table 4.1  Evolution of private firms’ involvement in the agricultural input market in Benin (1992/98) 85
Table 4.2  Evolution of the ratios of office staff, number of villages and number of households to one extension field staff in the Mono-Couffo region, 1988-1998 88
Table 4.3  Evolution of the shares (%) of staff salaries, taxes and investments in the operating costs, taxes in staff salaries and in investments (SONAPRA, 1985-97) 91
Table 4.4  Cost-structure for two types of agricultural inputs, fertiliser and insecticides, in Benin 98
Table 4.5  Comparative evolution of prices (F CFA) for cotton, fertiliser and insecticides of the ULV-type over 1985-1997, in Benin. 100
Table 5.1  Evolution of the ratios of GV s to villages at different territorial levels in five sub-prefectures of the Couffo region, 1992-97 112
Table 5.2  Breakdown of a sample of villages according to per capita GV-membership within five sub-prefectures of the Couffo region, 1992-97 112
Table 5.3  Breakdown of a sample of villages following per GV-member quantity of fertiliser purchases in five sub-prefectures of the Couffo region, 1992-97 114
Table 5.4  Evolution of per capita quantity (Kg) of fertiliser purchases following different territorial levels in the Couffo region, 1992-97 114
Table 5.5  Table 5.5: Breakdown of a sample of villages following per GV-member quantity of insecticide purchases in five sub-prefectures of the Couffo region, 1992-97 115
Table 5.6  Evolution of per capita quantity of insecticide (litres) purchases following different territorial levels in the Couffo region, 1992-97 115
Table 5.7  Breakdown of a sample of villages following per GV-member cotton output in five sub-prefectures of the Couffo region, 1992-97 117
Table 5.8  Distribution (%) of respondents according to their revealed needs, needs satisfied, and contacts with the agricultural input services before (Be.) and after (Af.) the reforms in five sub-prefectures of the Couffo region, 1996-97 119
Table 5.9  Breakdown of a sample of villages according to quartiles of respondents for their revealed needs, needs satisfied, and contacts with the agricultural input services before (Be.) and after (Af.) the reforms in five sub-prefectures of the Couffo region, 1996-97 120
List of Tables

Table 5.10 Distribution (%) of a sample of household-heads according to their perceived constraints on the distribution of agricultural input services before and after the reforms in five sub-prefectures of the Couffo region (1996-97)

Table 5.11 Breakdown of a sample of villages according to quartiles of respondents for their perceived constraints on the distribution of agricultural input services before and after the reforms in five sub-prefectures of the Couffo region (1996-97)

Table 5.12 Distribution (%) of respondents according to their recourse to and perceived advantages of the parallel channel of the input market in five sub-prefectures of the Couffo region (1996-97)

Table 5.13 Distribution (%) of respondents according to their recourse to and perceived advantages of the community input system in five sub-prefectures of the Couffo region (1996-97)

Table 5.14 Distribution (%) of respondents according to the distance from the nearest maternity centre

Table 6.1 Health personnel in Benin and in the Mono-Couffo region over 1985-1997

Table 6.2 Rural primary health services and their status (year of creation – source of finance – construction material) in five sub-prefectures of the Mono-Couffo region (1996-97)

Table 6.3 Attendance figures for the primary health services in five sub-prefectures of the Couffo region, 1993-97.

Table 6.4 Frequency evolution of the ten main current diseases in five sub-prefectures of the Mon region, 1995-97

Table 6.5 Evolution of vaccination figures in five sub-prefectures of the Mono-Couffo region, 1992-97

Table 7.1 Evolution of health personnel, 1985-1997, in the Mono-Couffo region

Table 7.2 Evolution of the non-governmental health services over the period 1992-1996 in five sub-prefectures of the Couffo Region

Table 8.1 Distribution (%) of a sample of respondents according to their preferences for the formal PHSs in five sub-prefectures of the Couffo region, 1996-1997

Table 8.2 Distribution (%) of household-heads according to their perception of the primary health services before (Be.) and after (Af.) the reforms in five sub-prefectures of the Couffo region, 1996-97

Table 8.3 Breakdown of a sample of villages according to quartiles of respondents for their perception of the primary health services before (Be.) and after (Af.) the reforms in five sub-prefectures of the Couffo region, 1996-97

Table 8.4 Distribution (%) of respondents according to their perceived constraints on access to the primary health services in five sub-prefectures of the Couffo region (1996-97)

Table 8.5 Distribution (%) of respondents according to their demand of and perceived advantages of the non-governmental health services (certified and parallel channels) in five sub-prefectures of the Couffo region (1996-97)
