List of tables, charts and figures

List of tables
Table 1.1: Lithuanian citizens killed or murdered 1941 – 1953 4
Table 1.2: Deportations 4
Table 3.3: Refugee movements and repatriation 4
Table 3.4: Natural population increase in Lithuania 5
Table 1.5: Total fertility rate (1989 – 1999) 5
Table 1.6: Income inequality in Lithuania: Gini coefficient for per capita income 11
Table 1.7: Growth in real GDP in Lithuania (1989 – 2002) 11
Table 1.8: Real GDP in Lithuania (1989 – 2000) 11
Table 1.9: Real consumption expenditure in Latvia and Lithuania 1990 – 2000 12
Table 1.10: Number of functioning enterprises in Lithuania 15
Table 1.11: Number of newly created private enterprises by year of registration 15
Table 2.1: Lithuanian election results for parliament (Seimas) and municipality councils 40
Table 2.2: Unemployment rate based on the Lithuanian Labor Exchange 40
Table 2.3: Main contributors to entrepreneurship in economic theory 42
Table 3.1: Total surveys sent according to geographical area 73
Table 3.2: Mail survey breakdown 77
Table 3.3: The reasons given for non-response 78
Table 3.4: Geographical distribution of responses in percentages 80
Table 3.5: Business type in percentages 80
Table 3.6: Business size in percentages 81
Table 3.7: Business sector in percentages 81
Table 3.8: Years in operation in percentages 82
Table 3.9: Business turnover for 1999 in percentages 82
Table 3.10: Respondent’s sex in percentages 82
Table 3.11: Respondent’s native language 83
Table 3.12: T test significance levels for business with 10 – 49 employees 84
Table 3.13: Litsme survey respondents according to sex 85
Table 3.14: Litsme survey characteristics 86
Table 3.15: Personal characteristics of SME respondents 88
Table 3.16: General characteristics of Gariunai traders 90
Table 3.17: Characteristics of SME owners interviewed 91
Table 6.1: Perceived types of business barriers to SME operations in terms of significance 155
Table 6.2: Ward’s grouping method for hierarchical clustering of barrier types 157
Table 6.3: Logit regression model – Formal barriers 159
Table 6.4: Multinomial regression model – Informal barriers 161
Table 6.5: Multinomial regression model – Environmental barriers 163
Table 6.6: Logit regression model – Skill barriers 164
Table 7.1: Similarities and differences between male and female SME owners in Lithuania 180
Table 7.2: Expected impact of independent variables 184
Table 7.3: Regression results 185

List of Charts
Chart 2.1: Entrepreneurship in transition countries: General characteristics 55
Chart 2.2: Differences between entrepreneurship in CEE and FSU countries 59
Chart 2.3: Entrepreneurship in Lithuania: General characteristics 61

List of Figures
Figure In1: Outline of Research xiii
Figure 1.1: The number of legislative changes to Lithuanian tax laws (new and alterations) 16
Figure 2.1: Entrepreneurial development in transition countries 53
Figure 4.1: Barriers to OAM traders in Lithuania 125
Figure 5.1: Barriers to SME operations 143
Figure 6.1: Four perceived barrier groups to SME operations in a transitional environment 150
Figure 6.2: Interrelatedness of perceived barrier groups to SME operations in a transitional environment: Significant results 166
