5 The Macroeconomic Impact of Deregulation in the European Services Sector

5.1 Introduction ................................................. 133
5.2 The model .................................................. 136
  5.2.1 Market structure and preferences ....................... 136
  5.2.2 Maximisation of household utility .................... 139
  5.2.3 Maximisation of firm profits ........................ 141
  5.2.4 Competition policy .................................. 143
5.3 Loglinearising the model .................................. 144
  5.3.1 A symmetric steady state ............................. 144
  5.3.2 Loglinearisation .................................... 148
5.4 Dynamics .................................................... 149
  5.4.1 Comparing steady states ............................... 150
  5.4.2 Short-run equilibrium ................................. 151
  5.4.3 International wealth transfers ....................... 151
5.5 Money shocks ............................................... 153
  5.5.1 Long-run impact ...................................... 153
  5.5.2 Short-run impact ..................................... 155
  5.5.3 Exchange rate and current account .................. 156
5.6 Product market deregulation ............................... 157
  5.6.1 Long-run impact ...................................... 157
  5.6.2 Short-run impact ..................................... 162
  5.6.3 Exchange rate and current account .................. 163
  5.6.4 International spillovers ............................. 165
5.7 Conclusion .................................................. 165

Appendices ..................................................... 167

6 The Timing of EU Expansion and the Real Exchange Rate 189

6.1 Introduction ............................................... 189
6.2 The model .................................................. 192
  6.2.1 Technologies and preferences ........................ 192
  6.2.2 Trade costs and market equilibrium .................. 194
6.3 EU accession and the real exchange rate .................. 196
  6.3.1 Steady state ......................................... 196
  6.3.2 Immediate versus postponed accession ............... 199
6.4 Productivity shocks and the real exchange rate .......... 202
6.4.1 Productivity shocks ........................................ 202
6.4.2 The loglinearised model .................................. 204
6.4.3 Comparison of pre- and post- EU accession ......... 205
6.5 Conclusion ..................................................... 209
Appendices ......................................................... 211

7 Conclusion ....................................................... 223

7.1 European integration and welfare ........................ 223
7.2 European integration and monetary policy .............. 224
7.3 European integration and the exchange rate .......... 226
7.4 Further research ............................................. 229

References ......................................................... 231

Samenvatting (summary in Dutch) ............................. 241
