	Secondary not completed	3	2	5
	Primary	1	3	4
Primary not completed	3	0	3	
From whom they learned the profession (Lagos missing=1)	Father	15	8	23
	Other TBA (non-family)	6	4	10
	Grandfather	0	2	2
	Father and cousin	1	0	1
	Father and husband (TBA)	1	0	1
	Mother	1	0	1
	A prophet	1	0	1
	Husband	0	1	1
	Father + grandfather+ Ifa priest	0	1	1
Had additional training *	Yes	23	14	37
	No	2	3	5

* Various training has been organised for traditional birth attendants by international organisations such as WHO and UNICEF, local governments and the Board of Traditional Medicine.

Appendix B: Data collection tools**TOPIC GUIDE/REPORTING FORMAT***Interviews with women who came to the hospital with abortion complications*

Date(s) interview(s)
 Name(s) interviewer(s)
 Location(s) interview

PERSONAL INFORMATION

Name woman
 Age
 Marital status / stable partner
 Student, class, university / Apprentice, in what
 Not studying or apprenticed
 Profession
 Education
 Area where she lives
 Religion (type of church)
 Any children (nr)
 Any other pregnancies (nr)
 Outcome other pregnancies (abortion, miscarriage)

COMING TO THE HOSPITAL

Date and time she came to hospital
 Who came with her
 What are the complications (from hospital files)
 What is the treatment in the hospital / which unit(s)
 What does she pay
 Who pays the bill

THE UNWANTED PREGNANCY

Which month of pregnancy did she find out she was pregnant
 How did she find out
 How did she feel when she found out
 Who did she confide in, if anybody
 Who was the father
 What sort of relationship did she have with the father
 For how long had she been going out with this man
 Did she regularly have sex – with the same man – how regular
 Did they intend to marry
 Did she tell him she was pregnant YES/NO
 If no, why not
 If yes, how was his reaction

Why did she not want a baby
 Did she consider keeping the baby YES/NO
 What were her considerations

THE ABORTION

Which month of pregnancy did she abort
 If a delay between finding out and aborting, why did she wait
 When she had decided to abort, how did she decide to use what she used
 Who did she ask for help
 Where did she do the abortion
 What was the method used for abortion
 How did she know about this provider / method
 Who went with her
 How much did she pay
 Who paid
 Did she try something herself first – what did she use

COMPLICATIONS

How long after the abortion did she start noticing complications
 What were the complications she noticed
 How did she feel when she had the complications
 Did she know what to do
 What did she consider doing / how did she feel
 Did anybody help her in this considering what to do – who
 What did she do (first herself, next, and next till she came here)
 Why did she choose to do what she did
 Did anybody influence her choice
 Who did she confide in/if anybody/who went with her
 At what point in time did her parents know what happened to her
 What is the reaction of her mother
 What is the reaction of her father
 Could she not ask her parents for help earlier
 Why not
 What are her feelings now

CONTRACEPTION

Was she using any method to prevent pregnancy when she got pregnant YES/NO
 If yes, what method was she using
 What happened to the methods
 If no, why was she not using anything
 Has she ever had sexuality education – where

INTENTIONS

Is she going to change things after this experience
 Any questions she has

FROM FILE

Notes on condition, complications and prospects (from hospital file)

QUESTIONNAIRE: INFORMATION ON INDUCED ABORTIONS

Date : Interviewer Place: Name: Age:

* Explain if there is a difference between '5' and '6', and if there is time between 1st and 2nd abort. methods

** 1 = D&C, 2 = Vacuum, (*anaesthesia?*) 3 = Swallow drugs (*specify*), 4 = Injection (*specify*), others.....

*** 1 = private, 2 = government, 3 = chemist, 4 = traditional healer, 5 = in a 'room', 6 = self, 7 = other (*specify*)

FERTILITY REGULATION AMONG THE YORUBA OF NIGERIA
COMMUNITY SURVEY

Place: Interviewer: Date:

A. PERSONAL

1. Age:
 2. Education:
 3. Profession:
 4. Religion: 1. Muslim 2. RC 3. Mission 4. Aladura 5. Pentecostal 6. Other
 5. Marital status: 1. Married, in 19.... 2. Single 3. Engaged, in 19.... 4. Other
- If married:* 5A. Only wife of your husband? YES / NO *If YES → Q.5C*
 5B. How many? Which number are you?
- 5C. Have you been married before? YES / NO *If NO → Q.6*
 5D. Years other marriage(s).....

B. REPRODUCTIVE HISTORY

6. Do you have any children? YES / NO *If NO → Q.8*
 7. How many children do you have alive? Their ages:
 8. Are you pregnant now? YES / NO
 9. Miscarriage: ... Which year(s) How many months pregnant were you?
- Did you do 'washing' after? YES / NO *If YES Specify*
10. Stillbirth: ... year(s)
 11. Children died: ... Year(s)..... At age(s).....
 12. Ectopic: ... year.....
 13. Abortion(s): ... Year(s):
- Calculate and confirm Q14-16* 14. Total nr. pregnancies: 15. Year 1st pregnancy: 19....
16. Outcome 1st pregn.: 1. Life birth 2. Miscarriage 3. Stillbirth 4. Ectopic 5. Abortion
 17. Where did you deliver? (*Circle and fill number of children delivered by the provider*)
1. Private 2. Government. 3. TBA 4. Home * 5. Others.....
18. Did you ever have problems to get pregnant when you wanted? YES / NO *If NO → Q.22*
 19. When was that? (period & years & marital status)
 20. Did you visit any providers for infertility treatment? YES / NO *If NO → Q.22*
 21. Where did you go to? (*Probe for multiple response*)
1. Private hospital 2. Government hospital 3. Church *specify*.....
 4. TBA 5. Babalawo 6. Other *specify*

C. PRESENT (WISH FOR) PREGNANCY STATUS

22. (*Confirm, because already asked*) Are you pregnant now? YES / NO *If NO → Q.27*
 23. How many months pregnant are you? months
 24. Are you going for ANC? YES / NO *If NO → Q.26*
 25. Which ANC providers - which month did you start? (*probe for multiple response and fill the number of the pregnancy month that she started ANC*)
1. Private 2. Government GH ... / clinic ... 3. Church *specify type*.....
 4. TBA 5. Other *specify* → Q.38
26. Why are you not going? → Q.38
 27. Would you like to get pregnant now? YES / NO *If NO → Q.29*
 28. How long have you been wanting to get pregnant? (*Check with Q.18*) → Q.38

D. PRESENT CONTRACEPTIVE USE

29. Do you presently use any method to prevent pregnancy? (*Probe for modern, traditional and local methods, used before or after intercourse*) YES / NO If NO → Q.36
30. Which method(s) do you use? (*Probe for multiple response*)
1. Contraceptive pills 2. IUCD 3. Safe period 5. Diaphragm 6. Condom
 4. Traditional (*specify type and how to use*)
 7. Inappropriate (*specify brand, dose, how to use*)
 8. Postinor (*how many, how often per month*)
 9. Injectables 10. Spermicide 11. Others *specify*
31. Since when have you been using this method(s)?
32. Are you satisfied with the method(s)? YES / NO *Comments*.....
33. Where do you buy (or from whom do you get) the method(s)?
34. *If applicable*: Do you always use it when you have intercourse? YES / NO If YES → Q.37
35. Why are you not always using? → Q.37
36. Why are you not using any contraception?
37. What would you do if you would find yourself pregnant tomorrow?
1. Nothing, have the baby 2. Induce abortion 3. Other 4. Don't know

E. EVER CONTRACEPTIVE USE

38. Did you ever use any method to prevent pregnancy? (*Probe for modern, traditional and local methods, used before or after intercourse*) YES / NO If NO → Q.40
39. What methods did you use? (*For present users, only fill others than mentioned in Q.30*)

Method	Provider	Period of use*	Marital then	Reason stopped using

* Period in nr. of months / years, which years, in relation to the children she has, reproductive history

If the woman used any modern method → Q.42

If she never used any modern method → Q.40 and stress 'modern'

40. Why did you never use (modern) methods to prevent pregnancy?

Only for women who never used any contraceptive method: ask Q.41

41. How did you take care of that you were not getting pregnant if you did not wanted to?

F. UNPLANNED PREGNANCY

42. Did you ever have a pregnancy you were not ready for? YES / NO If NO → END
43. How many times did this happen to you? (*Compare with the number of reported abortions. For unplanned pregnancies that were not successfully aborted, fill FORM A. For succeeded abortions, fill FORM B - before asking section (i)*) → Attach forms

G. STORIES ON ABORTION

INTRODUCTION: What is your opinion on abortion

- 44. Do you know a woman / girl who aborted a pregnancy? YES / NO *If NO → Q 49*
- 45. How many women do you know who aborted a pregnancy?
- 46. How many of them were: 1. Schoolgirl: .. 2. University stud:.... 3. Apprent: .. 4. Other: ...
- 47. How many of them were: 1. Single: 2. Married: 3. Other:
- 48. What is your relationship to these women? *Circle, and write the numbers*
1. Sister ... 2. Friend ... 3. Neighbour ... 4. Relation, type 5. Other.....
- 49. Have you known a woman who *has died* of abortion? YES / NO *If NO → END*
- 50. How many women who died of abortion have you known?
- 51. How many of them were: 1. Schoolgirl: ... 2. University stud:.... 3. Apprent: .. 4. Other: ...
- 52. How many of them were: 1. Single: 2. Married: 3. Other:
- 53. What is your relationship to these women? *Circle, and write the numbers*
1. Sister ... 2. Friend ... 3. Neighbour ... 4. Relation, type 5. Other.....

I would like to ask some questions on the one whom you know most about. Don't worry if you do not know all the answers. 54. What was your relationship to the woman:

- 55. Her age when she died: ... 56. In which year: 19... 57. Her marital status:
- 58. Was she: 1. Schoolgirl 2. University student 3. Apprentice 4. None of the three
- 59. Her profession: 60. Her education:
- 61. In which area did she live: 62. Her religion (*which church*):.....
- 63. Did she have any children (Nr): 64. Been pregnant before: YES / NO (Nr):
- 65. What was the outcome of the other pregnancies:
- 66. Why did she not want this pregnancy:

- 67. Which month of pregnancy did she abort:
- 68. Where did she do the abortion * : Name provider:
- 69. What was the method used **:
- 70. How did she know about this provider / method:
- 71. Who went with her: 72. Who was the father:
- 73. What was the type of relationship she had with him:
- 74. Did he know she was pregnant: YES / NO *If NO → Q 76*
- 75. What was his reaction:
- 76. What were the complications:

- 77. How long after the abortion did she start noticing complications:
- 78. What did she do / how long time after / who went with her:
- 79. What happened / how did she die:

80. Can you understand why the woman aborted the pregnancy, *comments*.....

* 1 = private, 2 = government, 3 = chemist, 4 = traditional healer, 5 = in a 'room', 6 = self, 7 = other (specify)

** 1 = D&C, 2 = Vacuum, 3 = Swallow drugs (specify), 4 = Injection (specify), others.....

FORM A: INFORMATION ON UNPLANNED AND UNWANTED PREGNANCIES

(for each pregnancy which was unplanned and not aborted successfully, fill one column)

1	Year			
2	Marit. status then			
3	Study	secretary / Uni / App / No	secretary / Uni / App / No	secretary / Uni / App / No
4	Month notice pregn.			
5	Why not ready			
6	Using contrac. then	Yes / No	Yes / No	Yes / No
6A	If yes, method(s)			
6B	If yes, what happened			
7	Try to abort pregn.	Yes / No	Yes / No	Yes / No
7A1	If no try, why not			
7A2	If no try, Had baby?	Yes / No* / Still pregn	Yes / No* / Still pregn	Yes / No* / Still pregn
7B	If yes try, Succeeded?	Yes / No	Yes / No	Yes / No
* What happened if not 'still pregnant':				

If never tried to abort, END, If tried to abort and 'NO' succeeded, continue below
If tried to abort and 'YES' succeeded, fill 'FORM B';

8	Which month try **			
9	What did you use? Probe for all methods)			
10	Which provider and / or self ?			
11	How did you know the method/ provider			
12	What happened after you used the method - effects?			
13	What did you do next?			
14	Had the baby?	Yes / No* / Still pregn	Yes / No* / Still pregn	Yes / No* / Still pregn
** If a difference between the months in Q 4 and Q 8, explain why:				
.....				
* Explain what happened if not 'still pregnant':				
.....				

FORM B: INFORMATION ON INDUCED ABORTIONS

1	Year of abortion			
2	Marital status then	1.Marr. 2.Single 3.Widow 4.Divorce	1.Marr. 2.Single 3.Widow 4.Divorce	
3	Studying / apprentice	secretary / Uni / App / No	secretary / Uni / App / No	
4	Place where she lived			
5	Month found out pregnancy			
6	Month pregnancy aborted *			
7	Method for abortion **			
8	Type Provider(s) ***			
7/8A	Tried something herself first? <i>If yes, method ** and provider ***</i>			
9	Name hospital / staff			
10	How know the providers / the methods			
	Anybody influenced decision to abort - who			
11	Who went with you			
12	Costs			
13	Who paid			
14	Reason for abortion			
15	Complications	Yes / No	Yes / No	
15A	<i>If yes, type complications</i>			
15B	<i>If yes compl. Referral/help</i>	Yes / No	Yes / No	
15C	<i>If yes referral, to where and what happened</i>			
16	Contr. when got pregnant	Yes / No	Yes / No	
16A	<i>If yes, type & what happened</i>			
16B	<i>If no: Why not</i>			
17	Contr. use after abortion	Yes / No	Yes / No	
17A	<i>If yes, type & how to use before or after sex</i>			
17B	<i>If no: Why not</i>			
18	Got FP info after abortion?			
<p>* Explain below if a difference between '5' and '6', or if time between 1st and 2nd abort. methods ** 1 - D&C, 2 - Vacuum, 3 - Swallow drugs (<i>specify</i>), 4 - Injection (<i>specify</i>), others..... *** 1 - private, 2 - government, 3 - chemist, 4 - traditional healer, 5 - in a 'room', 6 - self, 7 - other (<i>specify</i>)</p>

FOCUS GROUP DISCUSSION GUIDE: SCHOOLGIRLS

Pregnancy in school

What do you think of a schoolgirl who gets pregnant when she is still in school

How can it happen. Do you understand that the girl finds herself in this position. Sympathise/condemn?

Have you known such girls / has it happened in your school.

Any true (not from video or magazine) stories to tell? What happened before she got pregnant?

What do schoolgirls usually do when they find themselves pregnant

Are men / boys / teachers bothering schoolgirls for sex?

Abortion

What do you think of girls who do induced abortion

Can you understand that a girl is in such a position, that the only alternative seems to be induced abortion? In which situations? Do you have stories to tell?

What are the methods for abortion that you have heard schoolgirls using

Do you think abortion it is dangerous, what are the most dangerous methods, what can happen? Why would schoolgirls use the more dangerous methods instead of the safer ones?

Contraception

What do school youths use to prevent pregnancy (probe for all methods, pre- and post-coital)

Where do they get the methods – if you want to buy a condom where do you go?

Marriage

You think men would want to marry a girl who has a child already? Comments why “No” or “Yes”

Information and needs

Do you feel you have enough information on issues related to prevention of pregnancy?

Probe: What is missing, how would you like to know about it? Who should tell you? Role parents?

What are the needs / wishes of schoolgirls related to contraceptive services.

FOCUS GROUP DISCUSSION GUIDE: SCHOOLBOYS

Pregnancy in school

What do you think of a schoolgirl who gets pregnant when she is still in school

How can it happen. Do you understand that the girl finds herself in this position. Sympathise/condemn?.

Have you known such girls / has it happened in your school.

Any true (not from video or magazine) stories to tell? What happened before she got pregnant?

What do schoolgirls usually do when they find themselves pregnant

Opinion on abortion

What do you think of girls who do induced abortion

Can you understand that a girl is in such a position, that the only alternative seems to be induced abortion?

In which situations? Do you have stories to tell?

What are the methods for abortion that you have heard schoolgirls using

Do you think abortion it is dangerous, what are the most dangerous methods, what can happen? Why would schoolgirls use the more dangerous methods instead of the safer ones?

Contraception

How can schoolgirls and boys prevent getting pregnant

Ask for all methods and how they use them. Probe for all methods, pre- and post-coital. Ask if they think the methods are affective (especially the inappropriate ones)

Do schoolboys usually use condoms

If "Yes" why they feel it is important, and if "No" why they do not use it

Where can youths get contraceptive methods in this place / where do you buy condoms in this place?

Marriage

Would you marry a girl who has a child already? Comments why "No" or "Yes"

Information

Do you feel you have enough information on issues related to prevention of pregnancy and sexuality – what is missing?

Needs

What are the needs / wishes of schoolboys related to information and contraceptive services

From whom would you like to get information and where would you like to get the services

FOCUS GROUP DISCUSSION GUIDE: WOMEN OF REPRODUCTIVE AGE**Opinions on child bearing**

What is a good age for a woman to start bearing children. Give reasons why

Why do many women not follow the ideal?

What is the normal age for a woman to stop bearing children? Give reasons why

Probe for: if a woman has children who could bear children themselves, is it good for her to still bear children or not? Is the husband still sexually attracted to a woman who has stopped bearing children?

What is a good number of children to have? Give reasons why

Opinion and practices of child spacing

What is ideal spacing of children, how many years should be in-between children (Give reasons why)

Do couples practise post partum abstinence?

For how long? Is there any change from in olden days? What do they think of the husband having affairs outside during this period? Can they refuse sex from their husband?

Many women use safe period only – how do they calculate safe period?

Opinion on modern and traditional methods of contraception:

Your and community opinion and what do people commonly say to / call them.

A woman who has children too close?

A schoolgirl / unmarried woman using contraception

A schoolgirl who gets pregnant when in school

What should she do. If your daughter or niece or younger sister would get pregnant, when still a schoolgirl, what do you advice her to do. Does it happen, stories.

A woman who gets pregnant when she is not married?

How are her chances of a good marriage when she has a child already. Examples

Infertile: 1. Couple 2. Woman 3. Man *Probe: Reaction of in-laws. Is the woman considered a witch?*

Opinion on induced abortion

Under which circumstances would it be allowed, if at all

Probe for: rape, husband died, children too close, still in school, no money, just started a job, not married

Which abortion methods are the most dangerous methods, which methods are safer, is it safer when done early? Why would women go for the unsafe methods? Probe for methods of TBAs. Have women died in their village?

Services and needs

Which services are in the village, nearest to the village, what is their quality, costs, where do they mostly go?

Probe: Government, private, TBAs, chemist, churches etc.? How far. Do they come to your homes if needed?

By whom are women assisted when they have to deliver at home? (In the community survey it was found that there is a woman in the village who assists).

What are the needs and wishes of women in this community related to fertility regulation services?

FOCUS GROUP DISCUSSION GUIDE: OLDER WOMEN

Especially ask how things were before and how they have changed (and their opinion on the change)

Opinions on child bearing

What is a good age for a woman to start bearing children. Give reasons why
(*One third of the women got pregnant when they were below 20 years of age and most have been pregnant*

before they are 25 years old, why do many women not follow the ideal?)

What is the normal age for a woman to stop bearing children? Give reasons why

(Most women in the survey stopped when they are over 40) Probe for: if a woman has children who could bear children themselves, is it good for her to still bear children or not? Is the husband still sexually attracted to a woman who has stopped bearing children?

What is a good number of children to have (Give reasons why)

Opinion and practices of child spacing

What is ideal spacing of children, how many years should be in-between children (Give reasons why)

Do couples practise postpartum abstinence?

For how long? Is there any change from in olden days? What do they think of the husband having affairs outside during this period? Easier when more than one wife? Can they refuse sex from their husband?

What are traditional ways besides abstinence that women and men used in olden days to space their children? Pre and post-coital. Probe for TBA methods

Your and community opinion and what do people commonly say to / call them.

A woman who has children too close?

A schoolgirl / unmarried woman using contraception

A woman who gets pregnant when she is not married?

How are her chances of a good marriage when she has a child already. Examples

Infertile: 1. Couple 2. Woman 3. Man

Probe: Reaction of in-laws. Is the woman considered a witch?

Opinion on induced abortion.

Under which circumstances would it be allowed, if at all

Probe for: rape, husband died, children too close, still in school, no money, just started a job, not married

Did women in olden days have methods to terminate an unwanted pregnancy?

Which abortion methods are the most dangerous methods, which methods are safer, is it safer when done early? Why would women go for the more dangerous methods?

Have women died in their village? Stories.

Services and needs

Which services are in the village, nearest to the village, what is their quality, costs, where do they mostly go?

Probe: Government, private, TBAs, chemist, churches etc.? How far. Do they come to your homes if needed?

By whom are women assisted when they have to deliver at home?

What are the needs and wishes of women in this community related to fertility regulation services?

FOCUS GROUP DISCUSSION GUIDE: MEN

(Ask if any of them had his wife interviewed – Probe: what did the wife say about the interview)

Who in the family is the one deciding on where a woman goes for fertility regulation services such as 1. ANC, 2. for delivery, 3. Infertility treatment *What are their considerations when choosing? Nearness, costs?*

Child spacing / family planning and contraception

It happens that married women get pregnant when it is not planned for and that it is not convenient to have (another) child, because of various reasons: 1) the other baby is still small, 2) there is no money, 3) she had many children already or 4) the husband just got another job. Do you recognize these problems? How do you want to prevent this from happening and what can the man / woman / couple do?

Do you think women should stop child-bearing at a certain age? And what about men?

Probe: Is a woman who has stopped childbearing still sexually attractive to a man? Is it dangerous to have sex with her (because of dirt or what?). Would all men want to marry more than one wife – what are the advantages and disadvantages?

Do you allow your wife to use contraception? Who decides what she uses? *Pose the question: What would you do if you found out your wife is using contraception without you knowing?*

Which types do you like, which types do you not like? Reasons why Do men use one condom more than once? (We heard about this in another village) Do couple use post partum abstinence? How do men deal with this period?

Problems with schoolgirls

If your daughter or niece or younger sister would get pregnant, when still a schoolgirl, what do you advice her to do?

You know there are problems with schoolgirls getting pregnant and dying of induced abortion: What can be done about it? What can you men do about it? *Can you understand that a schoolgirl would not like to tell her parents what happened to her? Would you allow your daughter / and would you advice your son to use condoms, to prevent these problems?*

Do men like to marry a woman who already has a child from someone else? *Discuss pro's and con's*

Problems, needs and solutions

What do you see as the problems and needs of women related to contraception, pregnancy and infertility. What should be done about it, and by whom?
