The Impact of institutional investors on equity markets and their liquidity

Dezelan, S.

Citation for published version (APA):
The Tinbergen Institute is the Institute for Economic Research, which was founded in 1987 by the Faculties of Economics and Econometrics of the Erasmus Universiteit Rotterdam, Universiteit van Amsterdam and Vrije Universiteit Amsterdam. The Institute is named after the late Professor Jan Tinbergen, Dutch Nobel Prize laureate in economics in 1969. The Tinbergen Institute is located in Amsterdam and Rotterdam. The following books recently appeared in the Tinbergen Institute Research Series:

204. P.J. VAN DER SLUIS, *Estimation and inference with the efficient method of moments: With applications to stochastic volatility models and option pricing.*

206. P. VAN HASSELT, *Dynamics of price formation in financial markets.*

212. L.D. MEIJERS, *Ruimtelijke netwerken van de zakelijke dienstverlening.*

218. E. VAN GAMEREN, *The internal economics of firms. An investigation into the labour mobility within firms.*

223. B. VAN DER KLAAUW, *Unemployment duration determinants and policy evaluation.*

231. C.F.A. VAN WESENBECK, *How to deal with imperfect competition: introducing game-theoretical concepts in general equilibrium model of international trade.*
242. S. VAN VELZEN, *Supplements to the economics of household behavior.*
244. E. KUIPER, *The most valuable of all Capital. A gender reading of economic texts.*
245. P. KLIJNSMIT, *Voluntary corporate governance disclosures; An empirical investigation of UK practices.*
250. A.B. BERKELAAR, *Strategic asset allocation and asset pricing.*
252. E. PEEK, *Discretion in financial reporting and properties of analysts' earnings forecasts.*
257. A. HEYMA, *Dynamic models of labour force retirement; An empirical analysis of early exit in the Netherlands.*
225. A.I. VEMAN, "Diagnosis of phenomena in budget and annual financial statements".
226. R.P. ROUWENBERG, "Dynamic and static models in management accounting".
227. J.H.J. Dallinga, "Organisation theory, bundling and management accounting in the context of empirical research".
