Pottery to the people. The production, distribution and consumption of decorated pottery in the Greek world in the Archaic period (650-480 BC)

Stissi, V.V.

Citation for published version (APA):
Stissi, V. V. (2002). Pottery to the people. The production, distribution and consumption of decorated pottery in the Greek world in the Archaic period (650-480 BC).
# Contents of Volume I

## I Introduction

1. **I.1** Pottery to the people: general aims  
2. **I.2** Pottery, without the people: history and present state of Greek ceramic studies  
4. **I.4** Pottery and the people: placing ceramics in their social and economic contexts  

## PART I PRODUCTION

### II Production studies from the past to the future

1. **II.1** Introduction: scale and organisation  
2. **II.2** A short history of the study of Greek pottery production  
3. **II.3** From a scholarly tradition to the starting point for the present investigation  

### III Quantities of preserved pottery and the scale of production

4. **III** Archaeological remains of Greek pottery production: excavated workshops and kilns
   1. **IV.1** Introduction: a short survey of the workshop sites  
   2. **IV.2** Location of pottery workshops: the human factor  
   3. **IV.3** Location of pottery workshops: the role of natural resources  
   4. **IV.4** Location of pottery workshops: social and organisational implications  
   5. **IV.5** Lay-out of pottery workshops  
   6. **IV.6** Kiln sizes, shapes and types in relation to their production  
   7. **IV.7** Kilns and production capacity  
   8. **IV.8** From kiln sets to workshop characteristics  
   9. **IV.9** Excavated workshops and kilns: conclusions on scale and organisation

### V Depictions of Greek potters and painters at work

1. **V.1** Introduction: the depiction and what to do with them  
2. **V.2** The various stages of pottery production, as shown on pots and plaques
   1. **V.2.a** Digging for clay  
   2. **V.2.b** Transport of clay and other raw materials  
   3. **V.2.c** Clay preparation  
   4. **V.2.d** Shaping  
   5. **V.2.e** Decorating  
   6. **V.2.f** Firing  
   7. **V.2.g** After firing  
3. **V.3** Pottery production scenes as evidence for workshop scale and organisation  
4. **V.4** Pottery production scenes indicating status and hierarchy within the workshop  
5. **V.5** The physical context of the work shown on pottery production scenes  
6. **V.6** Conclusion: production scenes and the scale, organisation and status of potting

Contents of Volume II

Appendix I

Appendix II Catalogues of objects mentioned in Part I

A Depictions of pottery production on Attic pots and plaques 444
B A depiction of pottery production on a Boeotian skyphos 454
C Depictions related to pottery production on Corinthian plaques 455
W Depiction of the potter's wheel on Attic and South-Italian red figure pots 483
D Potters' and pot-painters' dedications on pots and other ceramic objects 484
R Pots with written references to and depictions of potters not at work 487
S Sculptures possibly showing potters 492
T Attic pots showing the selling of pots 494

List of plates 495
