## Contents

### Chapter 1

**Affect in Social Decision Making: An Introduction**

- Conceptualizing Emotion .......................................................... 12
- Conceptualizing Social Decision Making ............................... 14
- Affect in Social Decision Making ........................................... 16
  - Intrapersonal Effects ...................................................... 17
  - *Cooperative Settings* .................................................. 18
  - *Competitive Settings* .................................................. 20
  - Conclusion ........................................................................... 24
- Interpersonal Effects .............................................................. 24
  - *Cooperative Settings* ...................................................... 25
  - *Competitive Settings* .................................................... 30
  - Conclusion ........................................................................... 33
- Overview of the Present Dissertation ........................................ 33

### Chapter 2

**The Interpersonal Effects of Anger and Happiness in Negotiations**

- Emotions in Negotiation ......................................................... 37
- Experiment 2.1 ........................................................................ 41
  - Method ............................................................................. 42
  - Results ............................................................................. 47
  - Discussion ......................................................................... 49
- Experiment 2.2 ........................................................................ 50
  - Method ............................................................................. 51
  - Results ............................................................................. 54
  - Discussion ......................................................................... 60
- Experiment 2.3 ........................................................................ 60
  - Method ............................................................................. 62
  - Results ............................................................................. 65
  - Discussion ......................................................................... 68
- General Discussion .................................................................. 70
  - Implications and Contributions ............................................ 71
### CHAPTER 3

**The Interpersonal Effects of Emotions in Negotiations: A Motivated Information Processing Approach**

CHAPTER 5

General Discussion

Summary of the Main Findings

Toward an Integrative Framework: The Role of Motivation

Implications and Contributions

Interpersonal Versus Intrapersonal Effects
Discrete Emotions Versus General Affect
Incidental Versus Integral Emotions
Motivation in Social Interaction
Practical Implications

Limitations and Directions for Future Research

Computer-Mediated Versus Face-to-Face Interaction
Distributive Versus Integrative Negotiation
Single-Shot Versus Repeated Interaction
Conflict of Interest Versus Value Conflict
Dyadic versus Multi-Party Negotiation
Individualism Versus Collectivism

Conclusion
