Disclaimer/Complaints regulations
If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: https://uba.uva.nl/en/contact, or a letter to: Library of the University of Amsterdam, Secretariat, Singel 425, 1012 WP Amsterdam, The Netherlands. You will be contacted as soon as possible.
CHAPTER 6 Some results on complete surfaces 55
  6.1 Complete surfaces in $M_g$ and the classification of surfaces .......... 55
  6.2 Surfaces in the locus of curves with nontrivial automorphisms ....... 57

CHAPTER 7 Speculations 61
  7.1 The genus of the base curve ........................................... 61
  7.2 Can $M_4$ contain a complete surface? ................................ 63
  7.2.1 A computation in the Chow ring of $M_4$............................ 63
  7.2.2 The Prym construction for $M_4$ .................................... 64
  7.2.3 Diaz's filtration of $M_4$ ............................................. 65
