# TABLE OF CONTENTS

**ACKNOWLEDGEMENTS**

**SECTION I. GENERAL BACKGROUND**

Chapter 1. A general introduction into the phenomenon of facultative river dolphins and the species *Orcaella brevirostris* .................1

   *Zeitschrift für Säugetierkunde* 64: 54-58, 1999

Chapter 3. Cetacean diversity and habitat preferences in tropical waters of East Kalimantan, Indonesia........................................19

   With Budiono, *submitted manuscript*

**SECTION II. SURVEY TECHNIQUES FOR ABUNDANCE ESTIMATION**

Chapter 4. Density and abundance of the Irrawady dolphin, *Orcaella brevirostris*, in the Mahakam River of East Kalimantan, Indonesia:

   A comparison of survey techniques..................................35

   *The Raffles Bulletin of Zoology, Supplement 10*: 85-95, 2002

Chapter 5. Abundance of freshwater Irrawaddy dolphins in the Mahakam River in East Kalimantan, Indonesia, based on mark-recapture analysis of photo-identified individuals.........................59

   *In press: Journal of Cetacean Research and Management, 2004*

**SECTION III. SOCIAL ECOLOGY AND CONSERVATION OF IRRAWADDY RIVER DOLPHINS**

Chapter 6. Conservation management of small core areas: Key to survival of a critically endangered population of Irrawaddy River dolphins in Borneo..............................................................81

   With Budiono, *in press: Oryx*, 2004

Chapter 7. Living under an aquatic freeway: Effects of boats on Irrawaddy dolphins (*Orcaella brevirostris*) in a coastal and riverine environment in Indonesia...............................................................105

   With Karen D. Rahadi, *in press: Aquatic Mammals, 2004*

Chapter 8. Marked declines in populations of Irrawaddy dolphins...............127

   With Brian D. Smith and Isabel Beasley, *Oryx 37*: 401
Chapter 9. Social dynamics of facultative Irrawaddy River dolphins (*Orcaella brevirostris*) in Borneo: Impacts of habitat. Submitted manuscript

SECTION IV. GENERAL DISCUSSION- POPULATIONS AND LONG-TERM PROGNOSIS FOR SURVIVAL

Chapter 11. Freshwater distribution of Irrawaddy dolphins based on river “vagrancy” or allopatric “speciation”? 

Chapter 12. Predicting long-term survival of riverine Irrawaddy dolphins (*Orcaella brevirostris*) in East Kalimantan using Population Viability Analysis

APPENDIX I Irrawaddy dolphins in the Mahakam River, Indonesia

SUMMARY Faculative river dolphins: Conservation and social ecology of freshwater and coastal populations of Irrawaddy dolphins in Indonesia

SAMENVATTING Facultatieve rivierdolfijnen: Bescherming en sociale ecologie van zoet- en zoutwater populaties van Irrawaddy dolfijnen, *Orcaella brevirostris* in Oost Kalimantan, Indonesië

RINGKASAN Lumba-lumba sungai: Konservasi dan sosial ekologi dari populasi lumba-lumba Irrawaddy, *Orcaella brevirostris* pada air tawar dan laut di Kalimantan Timur, Indonesia

CURRICULUM VITAE
