Disclaimer/Complaints regulations

If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: <https://uba.uva.nl/en/contact>, or a letter to: Library of the University of Amsterdam, Secretariat, Singel 425, 1012 WP Amsterdam, The Netherlands. You will be contacted as soon as possible.

CONTENTS

CHAPTER 1	General introduction	7
CHAPTER 2	Responses of benthic invertebrates to combined toxicant and food input in floodplain lake sediments	19
CHAPTER 3	Combined effects of copper and food on the midge <i>Chironomus riparius</i> in whole sediment bioassays	33
CHAPTER 4	Habitat selection by <i>Chironomus riparius</i> larvae: food preference or toxicant avoidance?	49
CHAPTER 5	The impact of sediment reworking by opportunistic chironomids on specialized mayflies	59
CHAPTER 6	Analyzing the causes for the persistence of benthic invertebrates in polluted sediments	73
CHAPTER 7	Concluding remarks	91
	References	103
	Summary	121
	Samenvatting	125
	Dankwoord	129
	Publications	131
	Glossary	133
