  2.2.3 Diversified intermediaries ............................................ 12
  2.2.4 Information acquisition: Intermediaries as information sellers .... 15
  2.2.5 Asset transformation .................................................. 16
2.3 Bank Fragility and Regulation ........................................... 18
  2.3.1 Liquidity provision .................................................... 18
  2.3.2 Sunspot bank runs vs. information-based bank runs ............... 22
  2.3.3 Cost of bank runs and regulatory resolutions ....................... 23
2.4 Is There Something Good about the SSC? .............................. 24
  2.4.1 Analysis ................................................................. 24
  2.4.2 Sequential service constraint: Further thoughts .................... 28
2.5 Bank Capital ...................................................................... 36
  2.5.1 Bank capital ............................................................... 36
  2.5.2 Bank capital and bank runs .......................................... 39
  2.5.3 Capital regulation ...................................................... 41
  2.5.4 Deposit insurance reconsidered ...................................... 42
2.6 Conclusion ................................................................... 44
2.7 Appendix ..................................................................... 45

3 Competition and Entry in Banking: Implications for Capital Regulation 49

3.1 Introduction .................................................................. 50
3.2 The Model .................................................................. 52
  3.2.1 Preliminaries ............................................................... 52
3.2.2 Model details ........................................ 53
3.3 Initial Analysis: Some Basic Results .................. 55
3.4 Competition and the Effectiveness of Capital Regulation .. 59
3.5 Endogenous Entry ..................................... 62
3.6 Social Welfare and Empirical Predictions .............. 64
  3.6.1 Social welfare .................................... 64
  3.6.2 Empirical predictions ............................ 66
  3.6.3 The impact of heterogeneity .................... 67
3.7 Conclusions ........................................... 68
3.8 Appendix A ........................................... 70
3.9 Appendix B: Social Welfare Analysis ................. 78
  3.9.1 Banks of equal type ............................. 78
  3.9.2 Good and bad banks ............................. 84
  3.9.3 Welfare with endogenous entry ................. 91
  3.9.4 Influence on the real economy .................. 92

4 Regulation of a Competitive Banking System 95
  4.1 Introduction ......................................... 96
  4.2 Rationales for Bank Regulation ..................... 97
  4.3 Competition, Efficiency, and Bank Stability .......... 98
    4.3.1 Competition and efficiency ................... 98
    4.3.2 Competition and stability .................... 100
  4.4 Regulatory Barriers to Competition ................. 101
  4.5 The Effect of Competition on the Effectiveness of Regulation .. 104
    4.5.1 Competition and deposit insurance ............ 104
    4.5.2 Competition and capital regulation .......... 106
