Data from PCBS surveys for 1999 and 2004, analysed by Waked (2005).

The numbers are derived from weighed samples in Zureik (2005c). Data for 2004 was taken from summary tables presented in a PCBS Press Release, Computer, Internet and Mobile Phone Survey, 2004: Main Findings, Ramallah, West Bank, December 2004, Table 1, page 8. Data for 1999 were obtained from the PCBS Press Release, Results of the Visual Information Means and Computer Survey, Ramallah West Bank, 2000, regarding a survey of 7589 households in the West Bank and Gaza concerning ownership of computers and access to the Internet www.pcbs.org.
