4.2.2 English 89
4.2.3 French 91

4.3 Data selection 95
4.3.1 Non-analyzable utterances 95
4.3.2 Selection of analyzable references 98

4.4 Coding of morphosyntactic forms for reference 101
4.4.1 Determiners and nouns 101
4.4.2 Pronouns 106
4.4.3 Proper names 107
4.4.4 Morphosyntactic coding of left and right dislocations and cleft constructions 107
4.4.5 Overview of morphosyntactic coding categories 110

4.5 Coding of the pragmatics of reference 110
4.5.1 Pragmatic functions 111
4.5.2 Pragmatic coding of left and right dislocations 123

4.6 Reliability of coding 124

4.7 Statistical analysis 124

4.8 Outline of results chapters 126

5 The acquisition of morphosyntactic forms for person and object reference 127
5.1 Introduction 127
5.2 Criteria for acquisition 127
5.3 Acquisition of nouns and determiners for person and object reference 132
5.3.1 Frequency and productivity of nouns and determiners 133
5.3.1.1 Dutch 133
5.3.1.2 English 139
5.3.1.3 French 145
5.3.1.4 Cross-linguistic comparison 154
5.3.2 Frequency of use of determiners in obligatory morphosyntactic contexts 155
5.3.2.1 Dutch 156
5.3.2.2 English 157
5.3.2.3 French 158
5.3.2.4 Cross-linguistic comparison 160

5.4 Acquisition of pronouns and proper names for person and object reference 162
5.4.1 Frequency and productivity of pronouns and proper names in Dutch 163
5.4.2 Frequency and productivity of pronouns and proper names in English 169
5.4.3 Frequency and productivity of pronouns and proper names in French 175
5.4.4 Cross-linguistic comparison on productivity of proper names and pronouns 185
5.5 Conclusion 187

6 The frequency of the pragmatic functions of reference 189
6.1 Introduction 189
6.2 Frequency of pragmatic functions in Dutch 192
   6.2.1 Section summary 196
6.3 Frequency of pragmatic functions in English 197
   6.3.1 Section summary 202
6.4 Frequency of pragmatic functions in French 203
   6.4.1 Section summary 209
6.5 Conclusion 210

7 The acquisition of reference with nouns and determiners 217
7.1 Introduction 217
7.2 Methodological considerations 219
7.3 Input 221
   7.3.1 Background analyses on the use of nouns and determiners in the input 221
   7.3.2 Nouns and determiners for reference in the input 223
   7.3.3 Section summary 227
7.4 Child language 228
   7.4.1 Ungrammatical bare nouns for reference in child language 228
   7.4.2 Nouns and determiners for reference in child language 236
   7.4.2.1 Child Dutch: form-function associations of nouns and determiners 237
   7.4.2.2 Child English: form-function associations of nouns and determiners 242
   7.4.2.3 Child French: form-function associations of nouns and determiners 247
   7.4.2.4 Section summary 251
7.5 Influence of speed of determiner acquisition on the acquisition of reference with nouns and
determiners 252
   7.5.1 Influence of speed of determiner acquisition: cross-linguistic comparisons 253
   7.5.1.1 Comparison Dutch-French 255
   7.5.1.2 Comparison English-French 257
   7.5.1.3 Comparison Dutch-English 261
   7.5.2 Influence of speed of determiner development: within-language comparisons 264
   7.5.3 Section summary 267
7.6 Influence of the input on the acquisition of reference with nouns and determiners 268
  7.6.1 Language-specific patterns of determiner use in reference 268
  7.6.2 Influence of cue frequency and cue consistency on the acquisition of appropriate
determiner use in reference 270
  7.6.3 Section Summary 272

7.7 Conclusion 272

8 The acquisition of reference with pronouns 275
  8.1 Introduction 275
  8.2 Methodological considerations 277
  8.3 Input 280
    8.3.1 Background analyses of pronoun use in the input 280
    8.3.2 Pronouns for reference in the input 282
    8.3.2.1 Form-function associations of pronouns as opposed to nouns and proper names 282
    8.3.2.2 Form-function associations of different types of pronouns 285
    8.3.2.3 Section summary 286
  8.4 Child language 287
    8.4.1 Child Dutch: pronouns for reference 287
    8.4.1.1 Form-function associations of pronouns as opposed to nouns and proper names 288
    8.4.1.2 Form-function associations of different types of pronouns 293
    8.4.1.3 Section summary 295
    8.4.2 Child English: pronouns for reference 295
    8.4.2.1 Form-function associations of pronouns as opposed to nouns and proper names 295
    8.4.2.2 Form-function associations of different types of pronouns 299
    8.4.2.3 Section summary 301
    8.4.3 Child French: pronouns for reference 302
    8.4.3.1 Form-function associations of pronouns as opposed to nouns and proper names 302
    8.4.3.2 Form-function associations of different types of pronouns 306
    8.4.3.3 Section summary 308
  8.5 Influence of the input on the acquisition of reference with pronouns 309
    8.5.1 Language-specific patterns of pronoun use in reference 309
    8.5.2 Influence of cue frequency and cue consistency on the acquisition of appropriate
pronoun use in reference 311
    8.5.3 Section summary 313
  8.6 Conclusion 313
