Contents

Introduction 1

1 The effect of parents’ schooling on child’s schooling: A nonparametric bounds analysis 5
  1.1 Introduction .................................................. 5
  1.2 Empirical specification ....................................... 9
  1.3 Data .......................................................... 18
  1.4 Results ....................................................... 21
  1.5 Conclusion .................................................. 35
  Appendix ......................................................... 37

2 Estimating intergenerational schooling mobility on censored samples: Consequences and remedies 39
  2.1 Introduction .................................................. 39
  2.2 Mobility models using censored data ......................... 42
  2.3 Data .......................................................... 46
  2.4 Results ....................................................... 48
  2.5 Can we treat expectations as realizations? ................. 53
  2.6 Conclusion .................................................. 62

3 Birth order, family size and educational attainment 65
  3.1 Introduction .................................................. 65
3.2 Theoretical and empirical background ........................................ 68
3.3 Data ...................................................................................... 74
3.4 Results ................................................................................... 75
3.5 Potential mechanisms behind the birth order effects ...................... 84
3.6 Conclusion .............................................................................. 94

4 Summary and conclusions ......................................................... 97

Bibliography ............................................................................. 101

Nederlandse samenvatting ......................................................... 109
